

BACHELOR OF ARTS IN COMMUNICATION DEGREE PROGRAM

A Bachelor of Arts in Communication equips you to play a significant role in the strategic success of today's range of companies, from small businesses and nonprofits, to major corporations and global enterprises. Regis communication courses are developed in response to the skills and qualities employers say they need in the workplace. Human resource professionals estimate that more than 80% of the people who fail at their jobs do so because they can't listen and communicate effectively (SIS International Research). Students in this program develop analytical writing skills, conceptual analysis and critical thinking skills, information literacy skills and the ability to work successfully in a global environment.
