2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

A MESSAGE TO THE REGIS COMMUNITY

The 2023 Annual Security and Fire Safety Report is provided to the community to assist in the effort to make our campuses safe places to learn, live and work.

Prepared by the Department of Campus Safety, this report complies with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act), Title IX, and the Violence Against Women Act (VAWA) and is intended to disseminate important information to the University community. The report is prepared in collaboration with employees in various campus departments such as Housing and Residential Services, Athletics, Title IX, Student Health, and Human Resources.

For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported. A written request for statistical information is made on an annual basis to all Campus Security Authorities (as defined by federal law).

All of the statistics are gathered, compiled, and reported to the University community via this report, which is published by Department of Campus Safety. The Department of Campus Safety submits the annual crime statistics published in this report to the Department of Education (DoE). The statistical information gathered by the Department of Education is available to the public through the DoE website (<https://ope.ed.gov/campussafety/#/institution/list>).

This Report applies to all Regis University campuses, including the main campus (referred to as the Northwest Denver Campus), and our current Extension campus, the Thornton Campus. The Denver Tech Center (DTC) Campus ceased operations during the 2023 calendar year. Information concerning the DTC Campus for 2022 and preceding years is contained within this report.

All policy statements in this Report apply to the Northwest Denver Campus and its other Extension Campuses unless otherwise stated in the Report.

DEPARTMENT OF CAMPUS SAFETY SECURITY POLICY STATEMENT

Regis University is committed to creating and maintaining an environment where individual and institutional responsibility combine to promote each student's complete development. For the University to achieve this goal within an atmosphere where the rights of its members are respected, it is necessary to establish policies that reflect the nature of a student community and its dynamics. Every member of the University community has equal rights and benefits in accordance with the expectation that each person has maturity, intelligence and concern for the rights of others. Only when a person demonstrates a lack of cooperation or respect for the rules and laws does the University, acting through its officials and judicial bodies, take disciplinary action and/or report the offense to local law enforcement agencies when appropriate. Behavior, whether attempted or committed, which is judged to be illegal or disruptive to the community atmosphere cannot be tolerated.

Regis University's Campus Safety personnel maintain Security Guard licenses from the City and County of Denver. They are not sworn peace officers and do not possess police powers. However, Campus Safety personnel may effect the detention of person(s) when that person has committed a crime in the presence of a Campus Safety Officer. Campus Safety may summon

assistance from the Adams County Sheriff or the Denver Police Department when laws have been broken. The Northwest Denver campus lies within the jurisdiction of both the Denver Police Department and the Adams County Sheriff, and the appropriate agency will be contacted, depending upon where on campus the offense occurs. The Thornton Campus is under the jurisdiction of the Thornton Police Department. That agency will be contacted in regard to criminal offenses at that location. Campus Safety personnel have authority to enforce University policies as contained within the University's Student Handbook. Authority to effect detentions comes from the Colorado Revised Statutes, 16-3-201 ("Arrest by a private person"). In such instances, Denver Police or the Adams County Sheriff will be contacted for assistance and appropriate disposition of the individual or individuals involved.

On the Northwest Denver Campus, the Campus Safety Department has jurisdiction on the core campus for areas that are owned or controlled by Regis University, which is indicated on the following map.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

The Department of Campus Safety at the Northwest Denver Campus maintains a close working relationship with the Denver Police Department, Adams County Sheriff, and all other local, state and federal law enforcement agencies.

Regis University receives information from the local police agencies which monitor and record criminal activity involving students at non-campus locations of officially recognized student organizations.

MEMORANDUM OF UNDERSTANDING

Regis University does not have a written Memorandum of Understanding (MOU) with any police department regarding the investigation of alleged criminal incidents. If needed, Regis University will pursue an MOU with the local law enforcement agencies in which each campus is geographically located. At present, during emergencies or response to criminal activity, Campus Safety or the Campus Officials at the Thornton campus notify and work with the appropriate local police departments.

SAFETY FEATURES ON THE NORTHWEST CAMPUS

Campus Safety security guards tour the Northwest Denver Campus patrol area 24-hours a day, seven days a week. Campus Safety personnel have jurisdiction within the Clery Act geographical boundaries for all facilities that are owned or controlled by Regis University on the Northwest Denver Campus as identified in the map on the previous page. The specific contact information for each local police department is located below. Campus Safety encourages the accurate and prompt reporting of all crimes and safety concerns to Campus Safety or other *Campus Security Authorities*, and to the appropriate police agency, when the victim of a crime elects to, or is able to make such a report. If the victim is unable to make a report to law enforcement due to injury or incapacitation, Campus Safety will notify law enforcement.

A Campus Security Authority (CSA) as defined in 34 CFR 668.46(a) as:

1. A campus police department or a campus security department of an institution.
2. Any individual or individuals who have responsibility for campus security but who
3. do not constitute a campus police department or a campus security department under paragraph (1) of this definition, such as an individual who is responsible for monitoring entrance into institutional property. An example is a student staff member who works in residential housing while they are on duty.
4. Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses. For the complete list of Regis' CSAs see the section, CAMPUS SECURITY AUTHORITIES, within this report.
5. An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings.

The Campus Safety office is in the Regis Square shopping center, Suite 28 (5115 Federal Boulevard) on the east side of campus. Administrative hours are 8:00 a.m. to 4:30 p.m. Monday through Friday. Campus Safety can be reached by calling (303) 458-4122 twenty-four hours a day.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

Campus Safety personnel patrol the campus by vehicle, bicycle, golf cart, and on foot. Campus Safety staff members are trained in Cardiopulmonary Resuscitation (CPR), the operation of rescue chairs, and Automated External Defibrillators (AED). Campus Safety staff receive annual training in the use of their less lethal weapons which are the collapsible baton and pepper spray. Attendance at other intermittent training sessions throughout each year consists of such topics as Title IX, Active Shooter response, Refuse to Be a Victim, and the Clery Act.

The Department of Campus Safety provides safety escorts 24 hours a day. Safety escorts are conducted anywhere on our Northwest Denver Campus within our Clery defined geography.

Two law enforcement agencies share jurisdiction over the Northwest Denver campus. The Denver Police Department and the Adams County Sheriff's Office are each responsible for law enforcement over separate parts of the Regis campus. Refer to the Patrol Jurisdiction Map, or the Northwest Denver Campus Geography Map found in the Crime Statistics portion of this report for boundaries of each law enforcement jurisdiction. Law enforcement responds to all incidents reported to them by students, staff, faculty, and members of the public. Law enforcement, fire or emergency medical services can be reached by dialing 911 from a campus phone. Regis University has upgraded to a system called 911 Inform. This system enables the 911 calls to simultaneously call the 911 operator and notify Campus Safety that a 911 call has been placed from a location on the Regis campus. Both departments have access to map locations of the campus, buildings, floors, and office space when called from a desk telephone. If a cell phone is used, the call will display a general location of the call on a map.

For non-emergency calls to local law enforcement on the Northwest Denver campus, it is suggested that community members use the telephone numbers listed below

- Denver Police Department (District 1): 720-913-0400
- Adams County Sheriff (Dispatch): 303-288-1535

It is the University's objective to monitor all campus residence halls by Residence Hall student staff during the academic year. Security cameras monitor each residence hall entry and exit doors. Entrances to residence halls are kept locked and only the main entrances are accessible by the student's individual key card.

The Northwest Denver Campus can be reached by telephone by calling 1-800-388-2366. Courtesy (Blue Light) phones are also located in the entry areas on the east and west side of Main Hall, Garden level of Carroll Hall, St. Peter Claver Hall S. J. (Claver Hall) (west side and east sides of the building), South exterior side of the Student Center (will call Campus Safety only), and in each Residence Hall's main entry.

For locations of call boxes, and Blue Light Phones, AEDs and Callboxes see the Safety Features Map at:

<https://www.regis.edu/documents/admissions/campus-map-nw-denver.pdf>

- Emergency call boxes are located throughout the Northwest Denver Campus. These devices enable the caller to speak directly to Campus Safety personnel.
- Emergency telephones are located on the north and south side of the hallways on all floors of the Pomponio Science Building which contact Campus Safety by telephone.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

- Elevator emergency phones connect directly to an answering service that will contact the Fire Department and Campus Safety as needed.
- Automated Emergency Defibrillation Devices are located throughout the Northwest Denver campus. On most devices, when the device is removed from the cabinet, this activates both a local alarm and sends a notification to Campus Safety. The AEDs in the concession stands at the softball, baseball, and soccer fields are stand alone devices and are available when the fields are in use.
 - Tourniquets have been placed inside each AED cabinet, and Campus Safety is trained in their use and application.
 - Narcan aerosols have also been inserted into each AED cabinet for use when needed.
- Rescue Assistance buttons are in David M. Clarke Hall S. J. (Clarke Hall), Student Center, DeSmet Hall, and Vincent J. Boryla Apartments (Boryla), and are in the elevator lobbies of all floors except for the first floor. These phones ring to an answering service which will assist the caller.
- Campus Safety security personnel are trained in the use, and deployment of the Emergency Rescue Chairs that are kept in Main Hall, the Student Center, Claver Hall, Clarke Hall, DeSmet Hall, and O'Connell Hall. Rescue chairs are used to aid people who are injured or handicapped or to assist such persons in evacuating a building in cases where the elevators are not functioning.
- **RU Alerts**
 - Emergency Notifications will be made by text, email, and voice, for situations that represent an immediate threat to the life or safety of the Regis Community.
 - Timely Warnings will be sent via email -- and sometimes by other platforms such as text and voice -- when an incident on or near campus represents a serious or continuing, but not immediate, threat.
- **RU Informed** messages are email messages sent to raise awareness of incidents that are important to the Regis community but are not immediate or ongoing threats to life, safety or property. These messages may also be sent on other communication platforms as well.

SAFETY AND SECURITY FEATURES ON THE EXTENSION CAMPUSES

Personnel at each campus work with the law enforcement agency with jurisdiction over that campus and with Campus Safety to assist in facilitating public safety services for that campus. Contact information for each local police department is located below.

Automated Emergency Defibrillation Devices (A.E.D.) are located at the Thornton Extension Campus for emergency medical situations. Accompanying the AEDs are tourniquets and Narcan devices.

Regis University works with the local property owners at the Thornton Extension Campus to maintain the campus facilities in a manner that minimizes hazardous and unsafe conditions. Parking lots and pathways are illuminated. University officials work closely with the property owner to address burned out lights promptly as well as malfunctioning door locks or other physical conditions to enhance security.

Solicitors are not allowed on campus. Non-Regis delivery or service staff are only permitted entry as required. Hall entry doors are on 24-hour lockdown. Boryla Apartments are accessible by proximity cards only.

The Athletic Department manages the use and scheduling of all athletic fields throughout the academic and calendar year. The University reserves the right to restrict use by groups at its discretion. Alcoholic beverages are prohibited on the fields unless specifically permitted by contract agreement.

Regis University maintains campus facilities in a manner that minimizes hazardous and unsafe conditions. Parking lots and pathways are illuminated with lighting. NON-CAMPUS FACILITIES

Non-campus facilities are any building or property owned or controlled by a student organization by a written agreement that is officially recognized by the institution, or any building or property owned or controlled by an institution that is used in direct support of or in relation to the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution. In the event that a crime is committed at these locations, personnel at these non-campus locations are to call the police department in that jurisdiction. In all cases all members of the Regis Community are encouraged to also report crimes to the Department of Campus Safety or to another Campus Security Authority so that the crime can be evaluated for an RU Alert or a RU Informed Notification, included on the Daily Crime Log and in the Annual Security and Fire Safety Report.

WEAPONS POLICY

Regis University endeavors to provide a safe working and learning environment. Therefore, the possession and use of weapons, firearms, explosives, fireworks, or other objects designed and/or used to inflict injury or damage (collectively "Weapon") are prohibited on University premises, property otherwise leased or controlled by the University including, but not limited to, offices, classrooms or residence halls, or at University sponsored activities without the express permission of the University. It is a violation of University policy to possess any weapon on University premises or at University sponsored activities, even if the bearer possesses a valid concealed weapons permit. However, certified law enforcement personnel in good standing may carry their department issued handgun or other weapons on campus if required by their responsibilities as a law enforcement officer.

Campus Safety personnel are permitted to carry and possess such less-lethal weapons as are issued to them by the University, provided that they have completed required training in the use of such less-lethal weapons.

This policy includes, but is not limited to, items that simulate weapons. The possession of less-lethal self-defense instruments (for example, pepper spray) by students, faculty, staff or visitors is permitted. However, the reckless use of such devices may be considered a violation of this policy and/or law. Any plausible statement or evidence that a community member possesses a weapon may be responded to as an actual threat, whether or not evidence of a weapon exists.

A campus official will answer calls for Extension Campus during operational hours. In response to a call at the Extension Campus, the campus official will take the required action, either by assisting the victim in contacting local law enforcement or asking the victim to submit an incident report with Campus Safety. This report will be investigated and resolved by Campus Safety.

CONFIDENTIAL REPORTING

Confidential resources are encouraged to inform victims, if deemed appropriate, to voluntarily report crimes to Campus Safety as a confidential and anonymous report for inclusion in the annual crime statistics. Only the date, time, location of the crime, and a description of the crime which is sufficient to classify the offense need to be reported in the Annual Security and Fire Safety Report.

For example: On January 10, 2022, at about 10:00 p.m. an aggravated assault occurred on campus and in a residence hall.

When an individual wants to report a crime on a voluntary confidential basis, he or she may do so through the following departments:

- The University Ministry Office is located on the second floor of the Student Center and can be contacted at (303) 458-4153.
- The Office of Counseling and Personal Development is in the Coors Life Direction Center, room 114, and can be contacted at (303) 458-3507.
- The Office of Victim Advocacy & Violence Prevention under the provision Colorado state law (Colorado Revised Statute § 13-90-107 (K), is in the Student Center, room 217 and can be contacted at (303) 458-4029.
 - For Clery Act purposes, the Victim Advocacy & Violence Prevention officer is a Campus Security Authority and reports to Campus Safety information as described above.
- Pastoral Counselors are designated confidential resources.

With such information, the University can keep an accurate record of the number of incidents involving students, faculty, staff, and visitors. The information provided may determine if there is a pattern of crime concerning a location, method, or suspect, that enables Campus Safety to evaluate if an alert to the campus community of potential dangers is warranted.

Regis community members, guests, and visitors who may be victims of, or witnesses to, criminal offenses are encouraged to accurately and promptly report situations that may involve

safety concerns or criminal activity to the Department of Campus Safety.

Regis University cannot guarantee confidentiality on crimes that are reported to law enforcement as crimes reported to law enforcement fall under *Colorado Revised Statutes; 24-72-203*, which states that public records may be open to inspection unless prohibited by law. RECORD KEEPING PROCEDURES

The Department of Campus Safety maintains a Daily Crime Log for all criminal incidents that have occurred during the past 60 days on the *Clery Act* Geography at Northwest Denver Campus, Extension Campus, and when appropriate, for incidents occurring at other non-campus locations. <https://regisuniversity.app.box.com/s/2h0u179psew99bk39uaaqjav23ft5gsi>

Additionally, a Fire Log, which documents fires that have occurred in residential buildings at the Northwest Denver Campus, is maintained at the Department of Campus Safety office. The Daily Crime Log and Fire Log track data for the most recent 60-day period, and are available to the public during normal business hours (8:00 a.m. to 4:00 p.m., Monday through Friday, except when the university is closed) for review at the Campus Safety office at the Northwest Denver Campus, located at the Regis Square shopping center, Suite 28. Individuals wishing access to these logs may visit The Department of Campus Safety office or call (303) 458-4122 with their request, and the logs can be made available either in hard copy or sent electronically.

MISSING STUDENTS POLICY AND PROCEDURE

This policy is for people who believe that a student residing in on-campus housing has been missing for 24 hours. They should immediately contact Campus Safety at (303) 458-4122 (x4122) or Residential Engagement's, Director, Assistant Director, or the residence hall's Community Development Assistant (CDA). If a Housing and Residential Engagement team member or any member of the Regis University community, is notified of a potential missing person, they shall immediately notify the Department of Campus Safety. Once advised of a potentially missing student, Campus Safety will initiate an investigation to determine the student's status. Methods employed to determine if a student is missing may include but are not limited to; attempting to contact the student by telephone and e-mail information they have provided the University, retrieving their student ID photo, checking their class schedule, and attempting to contact them during class, their roommate, friends, and/or law enforcement.

Students living in campus housing will be informed annually that each student has the option to identify Missing Person contact information when they fill out a housing application to be notified by Regis University officials no later than 24 hours after the time the student is determined to be

Information for the 2023-2024 Academic Year

missing by the designated University. Officials authorized to make that determination (specifically, the Regis University Department of Campus Safety) or the local law enforcement agency in the jurisdiction in which the student went missing. Missing Person contacts are different from their Emergency Contact information which designates University officials who to notify in case they are missing. This contact person(s) can be, at the student's discretion, different from their emergency contact person(s), and shall be kept in confidence. Students are advised that their missing person contact information is confidential and that information will be accessible only to authorized campus officials, and it may not be disclosed, except to law enforcement personnel, in furtherance of a missing person investigation.

Students are advised that in the event a student under 18 years of age and not emancipated is reported missing, Campus officials must notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student. Students are advised that for all missing students, Campus Safety will notify the local law enforcement agency within 24 hours of the determination that the student is missing, unless the local law enforcement agency was the entity that made the determination that the student is missing.

The procedures that the institution must follow when a student who resides in an on-campus student housing facility is determined to have been missing for 24 hours include:

- When a student who resides in an on-campus student housing facility is determined to have been missing for 24 hours, and if the student has designated a confidential missing contact person(s), that person(s) will be contacted within 24 hours.
- When a student who resides in an on-campus student housing facility is determined to have been missing for 24 hours, and if the student is under 18 years of age and is not emancipated, the student's custodial parent or guardian and any other designated contact person(s) must be contacted.
- When a student who resides in an on-campus student housing facility is determined to have been missing for 24 hours, regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, Campus Safety will inform the local law enforcement agency that has jurisdiction in the area where the student went missing within 24 hours, unless the local law enforcement agency was the entity that made the determination that the student is missing.

EDUCATION PROGRAMS

Security awareness programs are designed to inform students and employees about campus security procedures and practices. Campus Security Authority (CSA) training is required once per calendar year for students, faculty and staff who have been designated as CSAs and will address the Clery Act crimes and crime reporting responsibilities.

The Human Resources Department conducts new employee orientation training in the areas of *Sexual* Harassment, Civil Rights Harassment, Violence-Free Workplace, and Harassment Prevention Training as needed.

Regis University may schedule ALICE (Alert, Lockdown, Inform, Counter, Evacuate) active shooter response training as needed when requested by students, staff, and faculty.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

Additionally, Campus Safety may also schedule Refuse To Be A Victim® as requested, which outlines strategies and techniques to keep an individual safe.

Flyers are made available for information pertaining to RU Alerts, the University's text, phone, and email, for Emergency and Crime Alert notifications.

Campus Safety's website contains the Department of Homeland Security's "Run, Hide, Fight" video which addresses Active Shooter response. The website also contains other safety information such as locations of AEDs, call boxes, blue phones, and emergency phones that enable people to contact Campus Safety, and the Emergency Preparedness Guide which gives information about various critical incidents which may occur on campus. Links to these documents are shown below:

[regis-emergency-preparedness-guide.pdf](#)

The above information is not an all-inclusive list. A common theme in these programs is to encourage students, staff and faculty to be responsible for their own security and the security of others.

The Regis RU Alert mass notification system is used to issue Clery Act Timely Warning Notifications, called "RU Alerts" at Regis University, about certain crimes that have occurred. Besides notifying the community of the crime, the alert also contains crime prevention information. The Campus Safety website also contains Safety Awareness and Violence Prevention Tips that are designed to inform students and employees about the prevention of crimes.

RU Alerts now available in Spanish, and in other languages. The Regis University Community can now opt to receive RU Alerts in Spanish and several other languages other than English. RU Alerts can now be delivered in many languages, such as:

Spanish, French, Chinese, Portuguese, Vietnamese, Korean, Irish, German, Arabic, and Russian.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

In pursuit of this mission, and consistent with the requirements of applicable law, including the federal *Drug-Free Schools and Communities Act* and the federal *Drug Free Workplace Act*, the University is committed to preventing the unlawful use of illegal and/or controlled substances, including marijuana, by students, faculty and staff, and to encourage and require lawful and responsible behavior regarding the consumption of alcoholic beverages. This policy, and the resources found in it, provide the framework for the University's commitment to these goals and reinforces the University's commitment to maintain an environment that is dedicated to the physical, emotional, spiritual and psychological development of our community members.

B. Drug Policy

1. The University prohibits in or on any University Property or at any other location where a University-Sponsored Activity is conducted: (i) the actual or attempted unauthorized possession, use, distribution, sale or manufacture of any Controlled Substance; (ii) being impaired by any Controlled Substance; (iii) being under the influence of or testing positive for any Controlled Substance, except for a prescription medication taken in accordance with a prescription duly issued by the individual's licensed health care provider for treatment of a health condition (**Note, however, that marijuana, even prescribed for medical use, is prohibited under this policy. See paragraph C below.**); (iv) the actual or attempted possession, use, distribution, sale or manufacture of any Drug Paraphernalia; or (v) the actual or attempted possession or use of a hookah. The University also prohibits knowing presence where a Controlled Substance is being illegitimately consumed or is illegitimately present. As indicated by the definition of the term Controlled Substance shown above, these prohibitions cover marijuana, synthetic cannabinoids and prescription medication.
 - a. Any individual, including, but not limited to, any student, employee, contractor, agent, volunteer, or guest who violates this policy may be subject to applicable screening procedures and shall be subject to discipline, dismissal, exclusion, termination, arrest or citation, and referral by University officials for prosecution, as may be applicable. Also, any student who violates this policy may be required to complete a mandatory psychoeducational substance use program provided by either the University's Office of Counseling and Personal Development or its Center for Counseling and Family Therapy (CCFT), or through a pre-approved off-campus provider, as directed by the Associate Vice President for Student Affairs/Dean of Students, or their designee; any employee who violates this policy may be required to consult with appropriate counseling professionals through the Employee Assistance Program or the CCFT, or through a pre-approved off-campus provider, as directed by the Associate Vice President of Human Resources or their designee.
 - b. Students in certain academic programs may be subject to screening procedures required by the University or an affiliated experiential learning site for detection of Controlled Substances and/or alcoholic

beverages as a condition to enrollment and continued matriculation in the program and participation in such related experiential education activities. For further information, please refer to the applicable procedures of the academic program in question.

- c. Despite its legal status and permitted medical and recreational uses under Colorado state law and the laws of other states, marijuana is still an illegal substance under federal law. The federal *Controlled Substances Act* includes marijuana as an Illegal Drug. Under the federal *Drug-Free Schools and Communities Act* and its implementing regulations, any college or university that receives funding from any federal program must have a program to prohibit the unlawful possession and use of illegal drugs, including marijuana. Failure to comply jeopardizes continued federal funding. As a recipient of federal funding that benefits many of its students, faculty and staff, the University's above-stated policy prohibiting the possession or use of Controlled Substances includes marijuana, regardless of the marijuana's form or method of consumption, and regardless of whether it is for recreational or medical use.

C. Alcohol Policy

1. The University prohibits the possession, use, distribution, sale or manufacture of alcoholic beverages, except at such activities, or in such areas and in such a manner as may be specifically authorized by the University. Possession or use of alcoholic beverages by students, employees, or guests in or on any University Property or at any University-Sponsored Activity is restricted to specifically designated University functions for individuals who may lawfully consume alcoholic beverages with proper identification under the applicable age limit in the jurisdiction where the alcoholic beverage is to be consumed.
 - a. Student organizations that seek to conduct a University-Sponsored Activity on or off campus that includes the service of alcoholic beverages must be granted prior approval by the Associate Vice President for Student Affairs/Dean of Students, or their designee. All other University-Sponsored Activities that include the service of alcoholic beverages must be granted prior approval by the Provost, or their designee (for academic-related units) or the appropriate Vice President, or their designee (for operations-related units). Additional security may be required to obtain such permission. Sponsors of social activities are expected to limit alcohol to moderate amounts and to keep the focus of the event on social interaction rather than alcohol consumption. Food and non-alcoholic beverages should be available at any event where alcohol is served, and both ought to be served in equal proportions. Advertising for student-sponsored events that includes any reference to alcohol, or states or suggests that alcohol will be available at an event is prohibited.
 - b. The age limit for the lawful consumption of alcoholic beverages in Colorado is 21 years of age or older. Residents of the University's Residence Halls (including Boryla Apartments) who are 21 years of

- c. The University prohibits being intoxicated (i.e., being mentally and/or physically impaired due to the consumption of alcoholic beverages or drugs) in or on University Property or at any University-Sponsored Activity. The University also prohibits knowing presence where an alcoholic beverage is being illegitimately consumed or is present without the University's authorization. **Possession of an alcoholic beverage container, whether empty, full, or partially full, in any area of the University Residence Halls where any party is not of legal age is prohibited except as specifically authorized in designated areas.** Except as specifically authorized, no student or employee may possess or consume any alcoholic beverage in or on any University Property or at any University-Sponsored Activity.
- d. Alcohol Policy for University Residence Halls (Including Boryla Apartments):
 - i. Possession and consumption of alcohol within the University Residence Halls (Including Boryla Hall) is strictly limited to beer/seltzers and wine. Other types and varieties of alcohol (including powder form) are prohibited including ready to drink beverages containing hard liquor/ spirits otherwise not allowed. Residents and their guests must be at least 21 years old in order to consume alcohol in any residential living unit. If any party in a residential living unit is under the age of 21, regardless if they are consuming alcohol or not, alcohol is prohibited in that living unit. Students or guests under the age of 21 are not permitted to possess or consume alcohol at any time.
 - ii. It is the responsibility of the 'of legal age' resident to determine that all guests or other residents are of legal age in order for alcohol to be permitted in the space. If no resident of a living unit is 21 years of age or older, no alcoholic beverages or containers may be present in that unit at any time.
 - iii. The consumption of alcohol may take place only inside the confines of the residential living unit. Open containers of alcohol may not be transported between residential units. A container is considered open once the manufacturer's seal has been broken.
- e. The residents where alcohol is being consumed are responsible for the behavior of their guests under provisions of the Student Code of Conduct.

Also, any student who violates this policy may be required to complete a mandatory psychoeducational substance use program provided by either the University's Office of Counseling and Personal Development or its CCFT, or through a pre-approved off-campus provider, as directed by the Associate Vice President of Student Affairs/Dean of Students, or their designee; any employee who violates this policy may be required to consult with appropriate counseling professionals through the Employee Assistance Program or the CCFT, or through a pre-approved off-campus provider, as directed by the Associate Vice President of Human Resources, or their designee.

Health Risks and Hazards Associated with Alcohol, Tobacco, and Illegal Drug Use

The following is a brief summary illustrating some of the health risks and hazards associated with alcohol and certain illegal drugs. This summary is not intended to be comprehensive. For more information concerning the dangers of alcohol and illegal drug use, you may want to consult your primary health care provider or a drug and alcohol rehabilitation counselor, or read information available from the National Institute on Alcohol Abuse and Alcoholism, niaaa.nih.gov/publications/, and the National Institute on Drug Abuse, drugabuse.gov/publications .

2. **Marijuana.** Impair short-term memory, thinking, and physical coordination. Can cause panic reaction and increase the risk of lung cancer and emphysema. Can interfere with judgment, attention span, concentration, and overall intellectual performance. Impairs driving ability. May cause psychological dependence and compromise the immune.
3. **Cocaine.** Addiction, cardiovascular system damage including heart attack, brain damage, seizures, lung damage, severe depression, paranoia, and psychosis. Similar risks are associated with other stimulants, such as speed.
4. **Nicotine.** Tobacco smoke contains many chemical compounds, some of which are known to cause cancer. Nicotine, which is a central nervous system stimulant, produces an increase in heart and respiration rates, blood pressure, adrenaline production and metabolism. People can rapidly become physically and psychologically dependent on tobacco. Compromises the immune system.
5. **Inhalants.** Inhalants are a diverse group of chemicals that easily evaporate and can cause intoxication when their vapors are inhaled. Most inhalants are central nervous system depressants. Use of these drugs slows down many body functions. High doses can cause severe breathing failure and sudden death. Chronic abuse of some of these chemicals can lead to irreversible liver damage and other health problems.
6. **Prescription Drug Abuse.** Adverse reactions, dependency, withdrawal, and overdose.

Legal Risks Associated with Illegal Drug and Alcohol Use

The following is a brief summary illustrating some of the criminal sanctions for the unlawful possession, use and distribution of illegal drugs and alcohol. 2. Underage Possession or Consumption of Alcohol
 - a. Being charged and convicted of possessing or consuming alcohol while under 21 years of age is a strict liability offense, and as a first offense is punishable by a fine of up to \$100 and/or completion of a government approved substance abuse education program.

F. Federal Law

1. Federal law includes, among other things, comprehensive prohibitions on the manufacture, distribution and dispensing of Illegal Drugs. VAWA POLICIES & PROCEDURES

The University prohibits the crimes of domestic violence, dating violence, sexual assault, and stalking, as defined by the *Clergy Act*. Toward that end, Regis University issues this statement of policy to inform the campus community of our programs to address domestic violence, dating violence, sexual assault and stalking as well as the procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking, which will be followed regardless of whether the incident occurs on or off campus when it is reported to a University official.

In addition to enforcement activities, the University engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to prevent and end dating violence, domestic violence, sexual assault and stalking that:

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and

- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.
- Programs to prevent dating violence, domestic violence, sexual assault, and stalking include both primary prevention and awareness programs directed at incoming students and new employees and ongoing prevention and awareness campaigns directed at students and employees.
- Prevention and awareness campaigns are programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking, using a range of strategies with audiences throughout the institution as seen in the training tables listed below.

Educational programming consists of primary prevention and awareness programs for all incoming students, new employees and new supervisors, as well as ongoing awareness and prevention campaigns for students and employees that:

- Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct.
- Uses definitions provided both by the Department of Education as well as state law what behavior constitutes domestic violence, dating violence, sexual assault, and stalking;
- Defines what behavior and actions constitute consent to sexual activity in the State of Colorado and using the definition of consent found in the Discrimination, Sexual Misconduct and Retaliation Policy, and the purposes for which the definition is used;
- Provides a description of safe and positive options for bystander intervention. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.
- Information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.
 - Information regarding:
 - procedures victims should follow if a crime of domestic violence, dating violence, sexual assault and stalking occurs (as described in “Procedures Victims Should Follow if a Crime of Domestic Violence, Dating Violence, Sexual Assault and Stalking Occurs” elsewhere in this document)
 - how the institution will protect the confidentiality of victims and other necessary parties (as described in “Assistance for Victims: Rights and Options” elsewhere in this document);
 - existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the institution and in the community (as described in “Assistance for Victims: Rights and Options” elsewhere in this document);

- and options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures (as described in “Assistance for Victims: Rights and Options” elsewhere in this document);
- procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking (as described in “Adjudication of Violations” elsewhere in this document).

HOW TO BE A SAFE BYSTANDER

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.”¹ We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list² of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

RISK REDUCTION

Risk reduction means options designed to decrease perpetration and bystander inaction and to increase empowerment for victims to promote safety and to help individuals and communities address conditions that facilitate violence.

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken

1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to avoid isolated areas. It is more difficult to get help if no one is around.
3. Walk with purpose. Even if you don't know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
5. Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
6. Make sure your cell phone is with you and charged and that you have cab money.
7. Don't allow yourself to be isolated with someone you don't trust or someone you don't know.
8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
11. Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
12. Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
14. If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - a. Remember that being in this situation is not your fault. You did not do anything

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

wrong; it is the person who is making you uncomfortable that is to blame.

- b. Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - c. Have a code word with your friends or family so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
 - d. Lie. If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

The University has developed an annual educational campaign for security awareness that consists of live presentations and the distribution of educational materials to new and existing students. The University also includes security information and materials during new employee orientation.

The University offered primary prevention, security and awareness programs in 2020, which contained the following information:

- A) Procedures victims should follow if a crime of domestic violence, dating violence, sexual assault and stalking occurs (as described in "Procedures for reporting a complaint" elsewhere in this document)
- B) how the institution will protect the confidentiality of victims and other necessary parties (as described in "Assistance for Victims: Rights and Options" elsewhere in this document);
- C) existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within and outside the institution;
- D) and in the community (as described in "Assistance for Victims: Rights and Options" elsewhere in this document); and
- E) options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures (as described in "Assistance for Victims: Rights and Options" elsewhere in this document);

- F) procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking (as described in “Adjudication of Violations” elsewhere in this document);
- G) how to address violent actions in accordance to ALICE and Run, Hide, Fight principles security and safety for general campus activities.

ASSISTANCE FOR VICTIMS: RIGHTS & OPTIONS

Regardless of whether a victim elects to pursue a criminal complaint, file a complaint through the Discrimination, Sexual Misconduct and Retaliation Policy or whether the offense is alleged to have occurred on or off campus, the University will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options and additional resources.

Such written information will include:

- The procedures victims should follow if a crime of dating violence, domestic violence, sexual assault or stalking has occurred;
- information about how the institution will protect the confidentiality of victims and other necessary parties;
- a statement that the institution will provide written notification to students and employees about victim services within the institution and in the larger community;
- a statement regarding the institution’s provisions about options for, available assistance in, and how to request accommodations and protective measures, including academic, living, transportation, protective orders and working situations. The written notification will include information regarding the accommodation options, available assistance in requesting accommodations, and how to request accommodations and protective measures (i.e., the notification will include the name and contact information for the individual or office that should be contacted to request the accommodations); and
- an explanation of the procedures for institutional disciplinary action.

RIGHTS OF VICTIMS AND THE INSTITUTION'S RESPONSIBILITIES FOR ORDERS OF PROTECTION, “NO CONTACT” ORDERS, RESTRAINING ORDERS, OR SIMILAR LAWFUL ORDERS ISSUED BY A CRIMINAL, CIVIL, OR TRIBAL COURT OR BY THE INSTITUTION

In Colorado, a victim of domestic violence, dating violence, sexual assault or stalking can access information on victim’s rights in the criminal justice system by visiting

<http://dcj.ovp.state.co.us/>

Further, the University complies with Colorado law in recognizing orders of protection. Any person who obtains an order of protection from any US state should provide a copy to the Title IX Coordinator. A complainant may then meet with the Title IX Coordinator to develop a safety plan, which is a plan for the University and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to: escorts, special

parking arrangements, changing classroom location or allowing a student to complete assignments from home, or others as determined by the University. The University cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services.

FREQUENTLY ASKED QUESTIONS REGARDING PROTECTION ORDERS/RESTRAINING ORDERS IN COLORADO

What is a Civil Protection Order?

- Protection Orders, also known as restraining orders, are civil court orders to stop specific acts against protected individuals (called a “Protected Person”). A “Restrained Person” can be restrained from: contacting, harassing, injuring, intimidating, molesting, threatening, touching, stalking, sexually assaulting or abusing any Protected Person. A Restrained Person may also be prohibited from coming within a specified distance of a protected person or premise, such as the protected person’s home, school or place of employment.

How do I obtain a Civil Protection Order?

- Civil Protection Orders can be filed with the court in any county where the incident(s) occurred, or in any county where one of the parties resides, or in any county where one of the parties is employed. For more information on filing a protection order in Colorado, visit: https://www.courts.state.co.us/Self_Help/protectionorders/
- You may also seek assistance with filing a Protection Order from Regis University’s Victim Advocacy & Violence Prevention Program or from Project Safeguard, a local nonprofit. Please see Appendix E for program contact information. Should you file an order, you may provide a copy to Regis University’s Department of Campus Safety to assist with enforcement of the order on university property.

PROTECTION ORDERS

Any survivor of domestic violence, sexual assault, or stalking, or any victim of violence or anyone in fear of personal harm may ask the court for a protection order.

Temporary Protection Orders (TPO) can be issued quickly, but do not go into effect until a party is served. With a TPO there is generally a time frame for serving (usually 2 weeks) before a continuance must be requested. With a TPO, a hearing will be scheduled to request that a Permanent Protection Order (PPO) is instituted. A PPO is permanent in the state of Colorado, though parties can request it to be modified or dismissed.

Civil Protection Orders do not have to be connected to a court case.

Criminal Protection Orders are in effect for the duration of criminal court proceedings, but expire once proceedings end. A PPO can still be requested at the end of criminal proceedings.

Local law enforcement has procedures to obtain an emergency protection order on your behalf when the courts are not open for regularly scheduled business. During normal business hours, please go to your county court to file for a protection order.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

If you have a protection order, you are encouraged to provide a copy to Campus Safety, and the EO & Title IX Coordinator, so they can coordinate support and safety efforts, and assist in the enforcement of the order as directed by the court.

NO CONTACT ORDERS

The University may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. If the University receives a report that such an institutional no contact order has been violated, the University will initiate disciplinary proceedings appropriate to the status of the accused (student, employee, etc.) and will impose sanctions if the accused is found responsible for violating the no contact order.

To request a no contact order, the victim or accused can contact the Equal Opportunity & Title IX Coordinator via phone, email, or in person. The Equal Opportunity & Title IX Coordinator contact information is:

Kassandra Alberico
Phone: 303-964-6435
Email: titleix@regis.edu
Main Hall 133

The Equal Opportunity & Title IX Coordinator will review the request, explain the functions and limitations of the no contact order, and put no contact orders in place when appropriate.

RIGHTS AND OPTIONS FOR VICTIMS/SURVIVORS THROUGH THE UNIVERSITY

There are a number of options and rights that victims/survivors have available to them should they choose to report sexual misconduct to their school. These include:

- Inform victim/survivor of available grievance procedures, how to file a formal complaint within the institution, provide a clear and complete explanation of the complaint process, provide information on the protocol for reporting to campus police, provide the police protocol once information is received, and provide information on reporting the incident to the Office of Civil Rights.
- Provide appropriate referral (with victim/survivor's permission) to the Campus office responsible for investigation of employee sexual misconduct, if the perpetrator is a faculty or staff member.
- Ensure victim/survivor knows that their identity will remain confidential unless they are willing to reveal identity through a formal complaint. Discuss the institution's confidentiality policy, reporting requirements, and opportunity for anonymous reporting.
- Provide an anonymous report of the incident, date and location for Clery Act reporting (the Clery Act is a federal law that requires anonymous statistical reporting of a number of crimes, including sexual misconduct. The numbers appear in this annual crime report).
- Discussing potential educational support interim actions for students who may have experienced sexual misconduct. Support and interim actions may include, but are not limited to, changes in course enrollment, support with on-campus transportation, or

Information for the 2023-2024 Academic Year

financial aid. Students may contact the Dean of Students Office with questions regarding support and interim actions.

PRESERVING EVIDENCE

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Campus Safety or other law enforcement to preserve evidence in the event that the victim decides to report the incident to law enforcement or the University at a later date to assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order.

ACCOMMODATIONS AND PROTECTIVE MEASURES AVAILABLE FOR VICTIMS

Upon receipt of a report of domestic violence, dating violence, sexual assault or stalking, Regis University will provide written notification to students and employees about accommodations available to them, including academic, living, transportation, protective orders and working situations. The written notification will include information regarding the accommodation options, available assistance in requesting accommodations, and how to request accommodations and protective measures (i.e., the notification will include the name and contact information for the individual or office that should be contacted to request the accommodations).

At the victim's request, and to the extent of the victim's cooperation and consent, university offices will work cooperatively to assist the victim in obtaining accommodations. If reasonably available, a victim may be offered changes to academic, living, working, protective measures or transportation situations regardless of whether the victim chooses to report the crime to campus police or local law enforcement. Examples of options for a potential change to the academic situation may be to transfer to a different section of a class, withdraw and take a class at another time if there is no option for moving to a different section, etc. Potential changes to living situations may include moving to a different room or residence hall. Possible changes to work situations may include changing working hours. Possible changes in transportation may include having the student or employee park in a different location, assisting the student or employee with a safety escort, etc.

To request changes to academic, living, transportation and/or working situations or protective measures, a victim who is a student should contact the Title IX Coordinator at:

PROCEDURES VICTIMS SHOULD FOLLOW IF A CRIME OF DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT AND STALKING OCCURS

What should I do immediately after experiencing domestic violence, dating violence, sexual assault or stalking?

1. Get to a safe location. Dial 911 or Campus Safety at (303) 458-4122 to assist with safety and medical concerns.
2. Contact someone you trust for support. Be aware that some staff members, faculty, and your RA will need to report some information you share with them. If you would like confidential and privileged support, please contact:
 - a. Assistant Director of Victim Advocacy & Violence Prevention (303) 458-4029
 - b. Office of Counseling and Personal Development: (303) 458-3507
 - c. University Ministry: (303) 458-4153
 - d. Blue Bench 24-Hour Hotline: (303) 322-7273
3. Consider seeking medical attention. It is best to seek out a hospital or emergency room with a Sexual Assault Nurse Examiner (SANE) program.
4. At SANE program locations, you have the option to receive a medical forensic examination, even if you do not want to report the incident to law enforcement at the time. Any collected evidence will be preserved for at least two years, in case you decide to report to the police at a later date.
5. Regardless of your choice to receive a medical forensic exam, it is important to seek medical attention in order to treat injuries and exposure to Sexually Transmitted Infections (STIs). Testing for possible drugs used to facilitate a sexual assault may also be available.

HOW CAN I BEST PRESERVE ANY EVIDENCE OF SEXUAL ASSAULT?

For investigative purposes it is important to preserving evidence, such as clothing, sheets, text messages, social media messages, or other communication is helpful if you are considering an investigation, criminal case or obtaining a protection order or may assist in proving that the alleged criminal offense occurred. Though your first thought may be to dispose of these items or to shower, hold onto the evidence and wait to shower until after the SANE/SAFE exam. Most importantly, even if you decide to shower or dispose of evidence, you still have the option to report to the police and evidence may still be collected. In addition:

- Go as soon as possible, preferably within the next 72 hours to the nearest local hospital with an appropriate Sexual Assault Nurse Examiner program (SANE). You have the option to complete a medical forensic exam to collect evidence, evaluate and treat injuries and/or receive preventative care for Sexually Transmitted Infections (STIs). At SANE program locations, you have the option to receive a medical forensic examination, even if you do not want to report the incident to law enforcement at the time. Any collected evidence will be preserved for at least two years, in case you decide to report to the police at a later date. *See a complete list of hospitals with SANE programs that can provide the exam in the section: "On and Off Campus Services for Victims"*
- The University has signed an agreement with a local transportation service and will give you a voucher that you can use to get to the hospital and to come back to campus, if appropriate. Campus Safety, Residence Life staff, Student Health Services or the Assistant Director of Victim Advocacy & Violence Prevention are able to assist you.
- If you have changed your clothes since the assault, bring the clothing you had at the time of the assault to the hospital in a paper grocery bag or wrap them in a clean sheet (do not use plastic bags). The Hospital will request to collect the clothes you were wearing as evidence.
- If you want to preserve the evidence of a sexual assault, try not to:
 - Bathe or shower
 - Brush your teeth
 - Use the restroom
 - Change clothes
 - Comb hair
 - Clean up the area where the assault occurred
 - Move anything the respondent may have touched. You may also consider preserving text messages and/or other electronic communications with the respondent. They may serve as evidence in your case.
 - Even if you choose to do these things (like shower) evidence may still be collected and you are encouraged to seek assistance accordingly.

HOW CAN I BEST PRESERVE ANY EVIDENCE OF DOMESTIC VIOLENCE, DATING VIOLENCE AND STALKING?

Properly documenting all incidents is important to illustrate a pattern of behavior necessary for an investigation or for obtaining a Civil Protection Order. A victim advocate or advisor may assist you with gathering all relevant information. You may consider:

1. Keeping an incident or behavior log to document stalking or relationship violence. An example of a log can be found here:

http://www.ncdsv.org/images/WCSAP_StalkingIncidentLog_2007.pdf

2. Contacting witnesses who saw the stalking behavior, abuse, or your injuries. These individuals may testify in your hearing.
3. Preserve evidence and documentation of stalking or abuse, including:
 - Text messages, e-mails, social media content and other screenshots;
 - Copies of police reports or medical reports;
 - Photographs of injuries, damage to objects or other items within your residence;
 - Threatening voicemails or other audio/video; and
 - Anything else that might help the judge make a decision.

INVOLVEMENT OF LAW ENFORCEMENT AND CAMPUS AUTHORITIES

Complainants and witnesses have the option to report or decline to report all incidents of domestic violence, dating violence, sexual assault and stalking to law enforcement. An investigation conducted by the University is distinct from any investigation conducted by law enforcement. Therefore, if an individual wishes to pursue options in the criminal justice system, a report should be made to law enforcement in the location where the crime occurred. A student or employee may be assisted with making a police report by the EO & Title IX Coordinator, a Deputy EO & Title IX Coordinator, the Assistant Director of Victim Advocacy & Violence Prevention or Campus Safety. Law enforcement can be reached by calling 911. To file a police report the victim or with the assistance of a CSA contacts the perspective law enforcement agency, explains the reason for the call and request to file a complaint. The law enforcement department may respond to the campus or may direct the person to file a report online through their department – if that process is available. In some instances, the victim may report to the police department directly and file the complaint.

The phone numbers for local police agencies with jurisdiction over Regis University campuses are:

- Campus Safety: (303) 458-4122

To make a report to Campus Safety a community member may contact Campus Safety in which Campus Safety personnel may respond to the incident of the crime, or a report can be made over the phone, email, or the use of Campus Safety's Online Reporting for non-emergencies only which is found at:

to the complainant and inform the complainant regarding timeframes for inquiry, investigation and resolution

11. Regis University will inform the complainant of the outcome of the investigation, whether or not the accused will be administratively charged and what the outcome of the hearing is
12. Regis University will take immediate and separate action against parties that retaliate against a person for complaining of sex-based discrimination or for assisting in the investigation.

Confidentiality

Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant. For example, publicly available record-keeping for purposes of *Clery Act* reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 U.S.C. 1395 (a) (20). Further, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The University does not publish the name of crime victims nor house identifiable information regarding victims in the campus police departments *Daily Crime Log* or in the annual crime statistics that are disclosed in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Furthermore, if a Timely Warning Notice is issued on the basis of a report of domestic violence, dating violence, sexual assault or stalking, the name of the victim and other personally identifiable information about the victim will be withheld.

Any student or employee, regardless of whether you are a victim, may request that directory information on file be removed from public sources by request by either contacting the Title IX Coordinator (for employees) and/or Enrollment Services (students).

Regardless of whether a victim has opted-out of allowing the University to share “directory information,” personally identifiable information about the victim and other necessary parties will be treated as confidential and only shared with persons who have a specific need-to-know, i.e., those who are investigating/adjudicating the report or those involved in providing support services to the victim, including accommodations and protective measures.

ADJUDICATION OF VAWA VIOLATIONS

The university’s disciplinary process includes a prompt, fair, and impartial process from the initial investigation to the final result. In all instances, the process will be conducted in a manner that is consistent with the Regis University Discrimination, Sexual Misconduct, and Retaliation Policy and that is transparent to the accuser and the accused. Usually, the resolution of

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

domestic violence, dating violence, sexual assault and stalking complaints are completed within 60-90 days of the report. However, each proceeding allows for Extensions of timeframes for good cause with written notice to the accuser and the accused of the delay and the reason for the delay. University officials involved in the investigation or adjudication of domestic violence, dating violence, sexual assault and stalking complaints are annually on the issues related to domestic violence, dating violence, sexual assault, and stalking as well as how to conduct an investigation relevant evidence and how it should be used during a proceeding, proper techniques for questioning witnesses, basic procedural rules for conducting a proceeding and avoiding actual, perceived conflicts of interest and a disciplinary process that protects the safety of the victim and promotes accountability. Furthermore, the policy provides that:

1. The accuser and the accused will have timely notice for meetings at which the accuser or accused, or both, may be present;
2. The accuser, the accused and appropriate officials will have timely and equal access to any information that will be used during formal and informal disciplinary meeting and hearings;
3. The institutional disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the accuser or the accused;
4. The accuser and the accused will have the same opportunities to have others present during any institutional disciplinary proceeding. The accuser and the accused each have the opportunity to be advised by an advisor of their choice at any stage of the process and to be accompanied by that advisor to any related meeting or proceeding. The University will not limit the choice of advisor or presence for either the accuser or the accused in any meeting or institutional disciplinary proceeding. However, an advisor cannot be an individual who is also a witness in the investigation. The role of the advisor and the extent to which an advisor can participate in an investigation or appeal is limited to a supportive role. The advisor may not participate in the interview or other part of the process, s/he may not advocate or speak for the complainant or respondent, cross-examine witnesses, or address the decision maker. Witnesses other than the complainant or respondent are not entitled to an advisor of their choice. Complainants and respondents are encouraged to inform the EO & Title IX Coordinator of the identity of an advisor as soon as possible and at least two (2) business days before the date of any meeting or investigative proceeding where the advisor will be in attendance. The parties' choice of an advisor or their availability for a meeting cannot delay the investigation. An attorney may be an advisor but not act as an attorney representing a party, or speak on the party's behalf. These procedures are entirely administrative in nature and are not considered legal proceedings. The investigator may remove an advisor or anyone disrupting the meeting. These rights and restrictions extend to both a complainant and respondent.
5. The accuser and the accused will be notified simultaneously, in writing, of the any initial, interim and final decision of any disciplinary proceeding, including any applicable sanctions and the rationale for the result and the sanctions; and
6. Where an appeal is permitted under the applicable policy, the accuser and the accused will be notified simultaneously in writing, of the procedures for the accused and the victim to appeal the result of the institutional disciplinary proceeding. When an appeal is

Information for the 2023-2024 Academic Year

filed, the accuser and the accused will be notified simultaneously in writing of any change to the result prior to the time that it becomes final as well as of the final result once the appeal is resolved.

Whether or not criminal charges are filed, a person may file a complaint under the Regis University Discrimination, Sexual Misconduct, and Retaliation Policy.

Reporting Options

To encourage good faith reporting, Regis University pursues a policy of offering reporting parties and witnesses amnesty from minor policy violations related to the incident, such as personal consumption of drugs or alcohol. While a complainant can choose not to report allegations of prohibited conduct, please be aware that the University cannot take action to address situations if not notified or otherwise made aware of an incident(s). Voluntary use of drugs or alcohol is never a valid defense to a violation of this policy.

Reporting to Regis. Any person may report prohibited conduct. Reporting parties are encouraged to provide as much detail as is available. The University's ability to respond to anonymous or insufficient reports may be limited. Reports can be made in the following ways:

Online reporting: Reports can be made on the Equal Opportunity & Title IX Website: https://cm.maxient.com/reportingform.php?RegisUniv&layout_id=4

DEFINITIONS

Actual Knowledge. Actual knowledge means notice of sexual harassment or allegations of sexual harassment to Regis's Title IX Coordinator or any official of the recipient who has authority to institute corrective measures on behalf of Regis.

Formal Complaint. A document filed by a Complainant or signed by the Title IX Coordinator alleging prohibited conduct against a Respondent and requesting that Regis investigate the allegation. A Formal Complaint can be submitted to the EO & Title IX Coordinator through any means listed in this policy.

Complainant. A Complainant is an individual who is alleged to be the victim of conduct that could constitute discrimination, harassment, sexual misconduct, or retaliation.

Respondent. A Respondent is an individual who has been reported to be the perpetrator of conduct that could constitute discrimination, harassment, sexual misconduct, or retaliation.

Discrimination is any distinction, preference, advantage for or detriment to an individual compared to others that is based upon an individual's actual or perceived protected class. The conduct must be so objectively offensive as to alter the conditions of the individual's employment or educational experience.

Harassment is unwelcome conduct based on an actual or perceived protected class and the conduct is severe, persistent, or pervasive enough to create either a hostile environment or denies or limits a person's ability to participate in or benefit from University programs or activities. Harassment may occur in the following ways:

Quid pro Quo: When offensive conduct becomes a condition of the continued employment, advancement, or an education environment;

Hostile Environment: The determination of whether an environment is "hostile" includes whether it is based on a protected class and the totality of the circumstances.

Sexual Misconduct. Sexual Misconduct is an umbrella term that includes (but is not limited to) Sexual Harassment, Nonconsensual Sexual Contact, Nonconsensual Sexual Penetration, Sexual Exploitation, Intimate Partner Violence, and Stalking, and any sexual conduct that takes place without consent of the parties involved.

Consent. The state of Colorado defines consent as cooperation in act or attitude pursuant to an exercise of free will and with knowledge of the nature of the act. A current or previous relationship shall not be sufficient to constitute consent. Submission under the influence of fear shall not constitute consent. Regis University uses an affirmative consent standard when determining if there was consent to engage in sexual activity of any kind. Consent is defined as the affirmative, actively given, unambiguous and voluntary agreement to engage in a specific sexual activity during a sexual encounter. To obtain consent, a clear "yes," verbal or otherwise,

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

is necessary. Consent cannot be inferred from the absence of a "no." A current or previous relationship is not sufficient to constitute consent. A person under the influence of fear cannot give consent. Consent may never be given by a minor under the age of 15, or by a minor under the age of 18 in certain situations depending on the ages of both parties and in instances where the adult is in a position of trust. Consent cannot be given by an individual who is asleep, or by an individual who is mentally or physically incapacitated either through the effect of drugs or alcohol or for any other reason. Consent may also not be given by an individual who was under duress, threat, coercion, or force.

Coercion. Coercion occurs when an individual is pressured, psychologically or emotionally manipulated, tricked, threatened, or forced in a nonphysical way, to engage in unwanted sexual activity. Coercion occurs when an individual is caused to believe that sex is owed to another person because of that person's position of authority or based on the parties' relationship. Coercion can involve persistent attempts to have sexual contact after an individual has already refused to engage in sexual activity.

Incapacitation. Incapacitation is a state where a person lacks the ability to make rational reasonable decisions including an inability to understand the who, what, when, where, why or how of sexual activity, or an inability to fully understand the details of sexual interaction. Incapacity can result from alcohol or drug consumption, illness, unconsciousness, blackout, sleep, mental disability, and other circumstances. Sexual activity with someone who one should know to be - or based on the circumstances should reasonably have known to be - mentally or physically incapacitated.

Force. Force includes the use of physical violence, abuse of power, threats, intimidation, and/or coercion in order to engage in sexual activity without a person's consent and against a person's will.

Sexual Harassment. Conduct on the basis of sex that satisfies one or more of the following:

1. An employee of Regis conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwanted sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the educational program or activity; or
3. Sexual assault, dating violence, domestic violence, or stalking.

Nonconsensual Sexual Contact. An intentional act of sexual touching, however slight, with any body part or object by a person upon a person that is without consent and/or by force, or during a period of incapacitation that can be reasonably construed as being for the purposes of sexual arousal, gratification, or abuse.

Nonconsensual Sexual Penetration. An act of sexual penetration (anal, oral, or genital), however slight with any body part or object, or, sexual intercourse by a person upon a person that is without consent and/or by force.

Sexual Exploitation. Refers to a situation in which a person takes non-consensual or abusive sexual advantage of another, and that behavior does not otherwise fall within the definitions of Sexual Harassment, Nonconsensual Sexual Penetration or Nonconsensual Sexual Contact. Sexual exploitation includes, but is not limited to, sexual voyeurism invasion of sexual privacy,

Information for the 2023-2024 Academic Year

taking and/or distributing pictures, video, or audio recording of a sexual act, or any other private activity without the consent of all involved in the activity, prostitution, exposing one's genitals in non-consensual circumstances, administering alcohol or drugs to another person without his or her knowledge or consent.

Intimate Partner Violence. Intimate Partner Violence (IPV), often referred to as relationship violence, domestic, and dating violence includes any act of violence or threatened act of violence when used as a method of coercion, control, punishment, intimidation or revenge against a person with whom the individual was previously or is currently involved in a sexual, romantic, parenting or dating relationship. This includes relationships between spouses, former spouses, past or present unmarried couples, dating relationships and sexual partners. IPV includes, but is not limited to, physical violence, emotional abuse, financial abuse and other forms of sexual misconduct (stalking, nonconsensual sexual contact, nonconsensual sexual penetration and sexual exploitation). IPV includes threats, assault, property damage, violence or threat of violence to one's self, or to family, friends, coworkers or pets of the sexual or romantic partner. IPV may consist of one act of misconduct or an ongoing pattern of behavior.

Stalking. Engaging in a course of conduct directed at a specific person that is unwelcome and would cause a reasonable person to feel fear or suffer emotional distress.

1. **Course of Conduct:** Two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
2. **Emotional distress:** mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
3. **Reasonable person:** A reasonable person under similar circumstances and with similar identities to the complainant.

Retaliation. Any intentional action taken by any party to a complaint or report or allied third party that harms an individual as reprisal for being party to a complaint or report under this policy or participating in a civil rights complaint proceeding.

Procedure. Excerpts of the Procedure related to the Discrimination, Sexual Misconduct, and Retaliation Policy follow. The full procedure can be found at:

- Sexual Misconduct Process Administrators, including Decision Makers, receive annual training on issues related to dating violence, domestic violence (intimate partner violence), sexual assault, stalking, and how to conduct investigations and facilitate hearing processes that is designed to protect safety of all parties, and promote accountability and an equitable process.
- ii. Decision Maker(s) will make a determination regarding responsibility applying the preponderance of the evidence standard and provide that determination in writing to parties simultaneously.
- iii. The Decision Maker(s) will determine sanction when appropriate. Sanctions will be imposed immediately as dated in the decision letter.
- iv. Parties have the ability to file for an Appeal of the decision as described in Regis University Appeal of Discrimination, Sexual Misconduct, and Retaliation Procedure.

Actual Knowledge. Actual knowledge means notice of sexual harassment or allegations of sexual harassment to Regis's Title IX Coordinator or any official of the recipient who has authority to institute corrective measures on behalf of Regis.

Preliminary Inquiry. The EO & Title IX Coordinator or designee will conduct a preliminary inquiry to determine whether there is evidence that the allegations, assuming the alleged facts to be true, would rise to the level of a violation of our policies, and therefore, warrant a full investigation. If formal investigation is not warranted, the EO & Title IX Coordinator will either close the matter without further review or work with parties for alternative resolutions.

Supportive Measures. Supportive Measures can be requested and facilitated with or without a Formal Complaint to any party. Supportive measures are individualized services and supports that are reasonably available, non-punitive, non-disciplinary, and not unreasonably burdensome to any party. Supportive Measures are designed to ensure equal educational access, protect safety, and/or deter any continuation of any conduct included in this policy. Supportive measures are implemented to address safety concerns; minimize the impact of the alleged conduct on involved parties; be temporary, pending the results of an investigation, or may become permanent as determined by Regis.

Informal Resolution. If both parties are willing and it is deemed appropriate by the University, Informal Resolution can be available for complaints sexual misconduct and parties may voluntarily seek resolution of a complaint informally. An informal resolution must be agreed upon by both parties. Informal resolutions may involve, but are not limited to, mediation, educational programming, and/or direct communication.

Formal Complaint. A Formal Complaint is a document filed by a complainant or signed by the Equal Opportunity and Title IX Coordinator alleging sexual harassment against a Respondent and requests that the allegations be investigated. A Formal Complaint can be submitted via electronic submission, or paper submission that includes a physical, digital signature, or otherwise indicates that the Complainant is the person filing the Formal Complaint. At the time of filing a Formal Complaint, a complainant must be participating in or attempting to participate in the education program or activity of the recipient with which the formal complaint is filed.

Information for the 2023-2024 Academic Year

Investigation. If, following a Preliminary Inquiry, the EO & Title IX Coordinator or designee determines an investigation should proceed, Regis will conduct a fair, impartial and prompt investigation. Regis will provide written notice to the parties regarding the status of the investigation at each stage, upon request, and if and when an extension is needed.

Right to an Advisor. The parties may each have up to 2 Advisors of their choice present with them for all meetings and interviews within the resolution process, if they so choose. The parties may select whomever they wish to serve as their Advisor as long as the Advisor is eligible and available. Regis University may permit parties to have more than one Advisor upon special request to the Title IX Coordinator. The decision to grant this request is at the sole discretion of the Title IX Coordinator and will be granted equitably to all parties.

Hearing. A Formal Complaint alleging a violation of Sexual Misconduct per the Regis University Discrimination, Sexual Misconduct, and Retaliation Policy, when resulting in an Investigation will culminate in a Live Hearing.

Questions. At the Live Hearing, the Decision Maker(s) will ask questions and must permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility.

Recording & Party Isolation. All Live Hearings will be audio recorded. Audio recordings or transcripts will be available to the parties for inspection and review. At the request of either party, Regis University must provide for the live hearing to occur with the parties located in separate rooms with technology enabling the decision maker(s) and parties to simultaneously see and hear the party or the witness answering the questions. Hearing may be conducted with all parties physically present in the same geographic location, or virtually.

Discipline & Sanctions. Being found responsible for a violation of this policy will result in disciplinary action up to and including termination or expulsion. Discipline and sanctions are decided by the decision-making body. The decision-making body reserves the right to broaden or lessen any range of recommended sanctions in the case of serious mitigating circumstances or egregiously offensive behavior. Neither the initial hearing officers nor any appeals body or officer will deviate from the range of recommended sanctions unless compelling justification exists to do so. Decisions are made with consideration of the severity of the incident, and any previous disciplinary violations. Possible sanctions Dating Violence, Domestic Violence, Stalking and Sexual Assault include but are not limited to:

- Oral or written reprimand;
- Required attendance at a harassment/discrimination sensitivity program;
- Oral or written warning;
- Loss of salary or benefits or demotion;
- Transfer or change of job, class, residential assignment, or location, including removing the person from being in a position to retaliate or further harass or discriminate against the complainant.
- Suspension, probation, termination, dismissal, expulsion, or removal from campus;
or
- Other actions Regis University deems appropriate under the circumstances including termination of contractual arrangements with the University.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

Appeal. Complainants and Respondents have the right to appeal. The decision of the Appellate Officer is final, and there are no other levels of appeal in this process. Grounds for appeal are:

1. A procedural irregularity occurred that significantly impacts the outcome of the hearing decision;
2. The sanction imposed is grossly disproportionate to the offense (including any consideration of the respondent's prior offenses);
3. Title IX personnel had a conflict of interest or bias that affected the outcome of the hearing decision;
4. Newly discovered evidence could affect the outcome of the matter if presented

Process Timeline. Regis University endeavors to keep reasonably prompt time frames for this process and all of its components. The average process takes between 60 to 90 days. If the process needs to exceed the timeline for good cause, the complainant and respondent will receive written notice of the delay or extension. Good cause for delay may include but is not limited to considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

1. How to File a Disciplinary Complaint Under this Policy

A victim or survivor may initiate disciplinary action through the submission of a formal complaint in writing via their university email address or the Bias Incident Reporting Form. The Bias Incident Reporting Form, The Discrimination, Sexual Misconduct, and Retaliation Policy and Procedures can be found on the [Regis University Equal Opportunity and Title IX Webpage](#)

2. How the University Determines Whether This Policy will be Used

The EO & Title IX Coordinator or designee will conduct a preliminary inquiry to determine whether the allegations, assuming the alleged facts to be true, would rise to the level of a violation of our policies, and therefore, warrant a full investigation. If formal investigation is not warranted, the EO & Title IX Coordinator will either close the matter without further review or work with parties for alternative resolutions.

3. Steps in the Disciplinary Process

Regis must investigate the allegations in any formal complaint. It will send written notice to both parties (complainants and respondents) of the allegations contained in the formal complaint.

- A. Regis will assign an investigator whose responsibility is to gather evidence relevant to the investigation. This investigator will provide written notice of any investigative interviews or meetings. In addition, the investigator will send parties, and their advisors, relevant evidence collected and provide ten (10) business days for the parties to inspect, review, and respond to evidence provided.
- B. Regis will provide equal opportunity to both the complainant and respondent to present witnesses and provide evidence germane to the investigation. Parties ability to gather evidence will not be unnecessarily restricted.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

- C. Medical, psychological, and similar treatment records will not be accessed without the parties' written consent.
- D. Parties have the right to an advisor of their choice. (See "Right to an Advisor", below) This advisor may be, but need not be, an attorney.
- E. Written notice of hearings will be provided by the Title IX coordinator or designee.
- F. Investigators will prepare a written investigative report drafted utilizing evidence collected. This investigative report will be sent to the parties and their advisors. Each party will have ten (10) days to review and respond.
- G. Dismissal of allegations.
 - i) Regis will dismiss allegations of conduct that do not meet the definition of sexual harassment, if they did not occur in Regis educational program or activity, or against a person in the United States. A dismissal for these reasons does not preclude Regis from addressing the conduct under other applicable Regis policies, handbooks, or codes of conduct.
 - ii) Regis may, in its discretion, dismiss a formal complaint or allegations contained therein if the complainant informs the Title IX Coordinator, in writing, of their desire to withdraw the formal complaint, if the respondent is no longer a member of the Regis community, or if Regis and its investigator are unable to gather sufficient evidence to reach a determination.
 - iii) Written notice of dismissal shall be provided to the parties. This notice shall include the reasons for the dismissal.

4. Anticipated Timelines

Regis University endeavors to keep reasonably prompt time frames for this process and all of its components. The average process takes between 60 to 90 days. If the process needs to exceed the timeline for good cause, the complainant and respondent will receive written notice of the delay or extension. Good cause for delay may include but is not limited to considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

DISCIPLINARY PROCESS

5. Decision-Making Process

- A. Through a live hearing, review of investigative reports, evidence, and witness and party testimony, and through the consideration of previous violations of conduct, the decision makers will make a determination of whether or not policy has been violated, and if so, what sanctions should be applied.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

- B. Decision Maker(s) will make a determination regarding responsibility applying the preponderance of the evidence standard and provide that determination in writing to parties simultaneously.
- C. The Decision Maker(s) will determine sanction when appropriate. Sanctions will be imposed immediately as dated in the decision letter.
- D. Parties have the ability to file for an Appeal of the decision as described in Regis University Appeal of Discrimination, Sexual Misconduct, and Retaliation Procedure

6. Standard of Evidence

Regis University utilizes the preponderance of the evidence standard for all disciplinary hearings and decisions. Under the preponderance standard, the burden of proof is met when the decision maker determines that there is a greater than 50% chance that an allegation is true.

7. Possible Sanctions

Being found responsible for a violation of policy will result in disciplinary action up to and including termination or expulsion. Discipline and sanctions are decided by the decision-making body. The decision-making body reserves the right to broaden or lessen any range of recommended sanctions in the case of serious mitigating circumstances or egregiously offensive behavior. Neither the initial hearing officer(s) nor any appeals body or officer(s) will deviate from the range of recommended sanctions unless compelling justification exists to do so. This will be documented in the decision-making process, if applicable, and included in the written outcome. Decisions are made with consideration of the severity of the incident, and any previous disciplinary violations, as well as discipline imposed in similar cases (precedent). Possible sanctions include but are not limited to:

- Oral or written reprimand.
- Required attendance at a harassment/discrimination sensitivity program.
- Oral or written warning.
- Loss of salary or benefits or demotion.
- Transfer or change of job, class, residential assignment, or location, including removing the person from being in a position to retaliate or further harass or discriminate against the complainant;
- Suspension, probation, termination, dismissal, expulsion, or removal from campus; or
- Other action Regis University deems appropriate under the circumstances including termination of contractual arrangements with the University.

8. Range of Protective Measures Available to a Victim Alleging Misconduct

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

There is a range of protective measures that can be instituted in order to enable victims and witnesses to continue studies while maintaining personal safety. Protective measures available to a victim alleging misconduct may include:

- Interim suspension of the accused student (substantial threat to safety must be assessed in order to initiate interim suspension).
- No-contact order.
- Modifying class or work schedules.
- Modifying living arrangements.
- Providing safety escorts while on campus.
- Addressing other academic concerns (e.g., absences, assignments, grades, leaves of absence, withdrawal, financial aid, visa or immigration status).
- Referral to health, mental health, victim advocacy, legal assistance, or other on- and off-campus resources.
- Assisting with safety plan development.

University-Initiated Protective Measures

In addition to those protective measures previously described, the Title IX Coordinator or their designee will determine whether interim interventions and protective measures should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include, but are not limited to: a University order of no contact, residence hall relocation, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved.³ Violations of the Title IX Coordinator's directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by Regis University.

HEOA Victim Notification

The University will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

IMMEDIATE EMERGENCY RESPONSE

The Regis University Emergency Operations Plan (EOP) is designed as a resource for University personnel, administrators, students and Emergency Operations Center (EOC) personnel in assisting with information and guidelines to plan and respond to a crisis. While the

³ Applicable law requires that, when taking such steps to separate the complainant and the accused, the University must minimize the burden on the complainant and thus should not, as a matter of course, remove the complainant from his or her job, classes or housing while allowing the accused to remain.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

Plan does not cover every conceivable contingency, it follows the principles on the All Hazards Response that is supported and utilized by FEMA (Federal Emergency Management Agency).

Regis University has a group of trained and experienced professionals who will respond in the event of a campus emergency. This Emergency Response Team consists of members from the University Department of Campus Safety, Physical Plant, Information Technology, Residence Life & Housing, Campus Counseling Services, Dining, Auxiliary and Business Services, Finance and Budget, University Relations, Marketing and Communications and Senior Administration.

Upon the declaration of an immediate emergency response any evacuations will be announced through the RU Alert System which will be distributed by email, RSS feed, text and voice mail. All Campus administrators, especially those whose responsibilities and authority include the operational areas specified in the manual, must adhere to these guidelines. Only those University administrators responsible for directing and/or coordinating emergency operations may approve exception(s) to these crisis management procedures as required to fulfill the emergency response.

EMERGENCY MANAGEMENT TESTS

Emergency management tests are scheduled and coordinated by Regis University's Campus Safety Department in conjunction with other departments and outside agencies as deemed appropriate. Emergency management tests may be announced or unannounced and are conducted at least once per calendar year. A test is defined as regularly scheduled drills, exercises, and appropriate follow - through activities, designed for assessment and evaluation of emergency plans and capabilities.

Each test is documented and includes a description of the exercise, the date and time of the exercise, and whether it was announced or unannounced. The campus publicizes a summary of the emergency response and evacuation procedures via email, through its RU Alert mass notification system, at least once each year in conjunction with a test (exercise and drill) that meets all of the requirements of the Higher Education Opportunity Act.

In 2022 the University conducted two tests that were unannounced:

- Operation Fulmination – May 3, 2022
- Operation Checkout – June 6, 2022

How to Find the Emergency Operations Plan

General information about the emergency response and evacuation procedures is available on the Regis University Emergency Management website:

EVACUATION DRILLS

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

Evacuation and fire drills are scheduled and coordinated by Regis University's Environmental Safety and Health Officer (ESHO) for all residential, administrative, and educational buildings to assess and evaluate the emergency evacuation plan and capabilities. Evacuation and fire drills are unannounced and are held at least once per calendar year. When evacuation drills are held, the ESHO, Campus Safety, and Residence Life & Housing Staff monitor the evacuation to evaluate egress, routes to assembly areas, and other behavioral patterns. Reports are prepared by participating departments by identifying deficient equipment, so repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration.

Students receive information about evacuation and sheltering procedures during small group student orientation program and during other educational sessions available throughout the year.

Residence Life & Housing staff members are trained in these procedures and act as an on-going resource for students living in residential facilities.

EVACUATION PROCEDURES

When needed, evacuations will be conducted on the affected building(s) for students, staff and faculty. There are different types of evacuations that may be required. The most familiar is the evacuation in the event of a fire alarm. When an evacuation is deemed necessary, it will be announced through the RU Alert System which will be distributed by email, RSS feed, text and voice mail. All Campus administrators, especially those whose responsibilities and authority include the operational areas specified in the manual, must adhere to these guidelines. Only those University administrators responsible for directing and/or coordinating emergency operations may approve exception(s) to these crisis management procedures as required to fulfill the emergency response.

Fire Alarm Evacuation Procedures

- 1) A fire alarm is initiated by horns and strobe lights in the affected building(s).
- 2) Always be aware of your surroundings and know how to reach the nearest exit.
- 3) If you discover or suspect a fire, immediately evacuate the building using the nearest available exit. Do not attempt to fight a fire unless you have been trained to do so. Supervisors and those with responsibility for an area should attempt to verify that their staff has evacuated, and once outside should conduct a roll call to determine whether anyone is missing. If so, they should immediately report this to Campus Safety, law enforcement or fire personnel.
- 4) Sound the building fire alarm by activating the nearest pull station as you evacuate the building by the nearest exit. If the alarm fails to operate, warn other occupants to evacuate the building by shouting the warning and knocking on doors as you evacuate.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

- 5) Once outside of the building, report to the designated assembly areas as shown on the building evacuation map near the exits of the buildings. If you do not know where to evacuate, move away from the building upwind of the smoke.
- 6) Students, staff, and faculty with mobility issues who are unable to evacuate are to report to designated Areas of Rescue Assistance. Persons unable to evacuate are requested to stay in these areas until help arrives. If possible, Campus Safety will attempt to evacuate such people. If it is not possible, first responders (Fire Department) will search these areas for people who need assistance.
- 7) If it is safe to do so, as you evacuate on the way out you may check on others who might have disabilities or other special needs and help them as much as is reasonable and safe, such as assisting them to the nearest Area of Rescue which are the various stairwell landings in each building or as designated by signage. After assisting, continue to evacuate out of the building and notify a manager or responding Campus Safety personnel at the assembly area of their presence in the Area of Rescue.
- 8) Call the Campus Safety emergency number (303) 458-4122 from a mobile phone (or x 4122 from on-campus phones) and provide as much information as possible about the alarm. Do not assume someone else has called or that the fire signal notified Campus Safety. If you cannot reach Campus Safety call 911.
- 9) Do not re-enter the building for any reason until given clearance by the Fire Department for actual fires, or Campus Safety personnel or other emergency responders on the scene for alarms not caused by fire.
- 10) For safety and statistical purposes, all fires and alarm responses, whether active or extinguished, must be reported to Campus Safety for proper fire classification.

BOMB THREAT

In the event of a bomb threat, evacuation routes out of the building(s) will be determined by Campus Safety and/or first responders to ensure safe egress out of the building. The assembly areas will be determined by Campus Safety / First Responders to ensure that personnel are a safe distance from the threat. Re-entry of the building will be allowed after the all clear has been given by law enforcement.

Other types of evacuations encompass other crisis events such as active shooters/active killers, and other types of violent intruders. Depending on the situation, evacuations in these circumstances may not always be an option where other strategies may have to be used such as locking down and barricading your location. If you can evacuate, move far away from the threat and when it is safe to do so contact 911 and Campus Safety.

POST INCIDENT

- 1) At the completion of the incident, the Fire/Rescue Department, or other appropriate Emergency Official(s) should release the building to the Incident Commander. The facility should be pronounced all clear, or clear with conditions for re-occupancy. The

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

Incident Commander and his/ her designees should then communicate the all clear or the clear with conditions to the building occupants. Once the “all clear” has been received from fire or law enforcement authorities, an RU Alert to that effect will be sent.

- 2) On the way in, staff members should check on others who might have disabilities or other special needs and assist them as much as is reasonable and safe.

SHELTER-IN-PLACE PROCEDURES – WHAT IT MEANS TO “SHELTER-IN-PLACE”

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to “shelter-in-place” means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

Basic “Shelter-in-Place” Guidance

If an incident occurs and the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, access card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest University building quickly. If police or fire department personnel are on the scene, follow their directions.

How You Will Know to “Shelter-in-Place”

A shelter-in-place notification may come from several sources, Campus Safety, Housing Staff members, President’s Office, Marketing and Communications, other University employees, local Police, or other authorities utilizing the Regis’s emergency communications tools.

How to “Shelter-in-Place”

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

1. If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
2. If you have to leave your area, ensure that you turn off the lights.
3. Locate a room to shelter inside. It should be:
 - An interior room;
 - Above ground level; and
 - Without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms may be necessary.
4. Shut and lock all windows (tighter seal) and close exterior doors.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

5. Turn off air conditioners, heaters, and fans.
6. Close vents to ventilation systems as you are able. Physical Plant staff will turn off the ventilation as quickly as possible.
7. Make a list of the people with you and ask someone (hall staff, faculty, or other staff) to call the list into Campus Safety so they know where you are sheltering. If only students are present, one of the students should call in the list.
8. Turn on a radio or TV and listen for further instructions.
9. Make yourself comfortable.

OFF CAMPUS SHELTERING

If there is a need to evacuate off campus, obviously many people will leave campus in their personal vehicles. However, there will be those who cannot exercise this option, either because they have no vehicle or because their vehicle is inaccessible due to the location of the incident. If the evacuation only involves one building or a section of the campus, we will move the people affected into other areas on campus, or to Regis Square. However, if the entire campus needs to be evacuated, or if the crisis is located in such a manner as to make relocation elsewhere on campus impossible, we will move our people to the Ricardo Flores Magon Academy located north of campus at 5330 Meade Street.

1. If an evacuation to the Ricardo Flores Magon Academy becomes necessary, Campus Safety Officer (CSO) will contact Director Lance Jones.
2. Director Jones will notify our partners at Magon Academy and send a RU Alert advising anyone needing a place to which to evacuate to go to Magon Academy.
3. One CSO on duty will retrieve the key and access card for Magon Academy.
4. A CSO will go to the Magon Academy, which is located at 5330 Meade Street, only a block north of campus on Lowell Blvd.
5. The access to the building will be through the main entrance located on the west side of the school.
6. People are to be stationed in the cafeteria and/or the adjacent gym, and they need to stay out of other areas of the building.
 - a. Our occupancy there will only last as long as the critical incident continues, and we will ask the evacuees to tidy up after themselves.

As part of this agreement, Regis University has agreed to reciprocate the need to provide shelter, as needed, to the students and staff of the Ricardo Flores Magon Academy. Initiation of this event will be preceded by a call to the Director of Campus Safety, Lance Jones.

The relationship between Regis University and the Ricardo Flores Magon Academy to serve as evacuation sites has been codified through a Memorandum of Understanding between the two institutions.

EMERGENCY NOTIFICATIONS (RU Alert)

The Department of Campus Safety receives information from various offices/departments on campus, or from students, staff, and faculty, who are encouraged to report all crimes and public safety related incidents to Campus Safety in a timely manner to aid in providing accurate information to be used when making emergency notifications to the community, and to ensure inclusion in the annual crime statistics. Regis University uses the systems listed below to notify the campus community as soon as possible, upon confirmation that a dangerous situation or significant emergency exists involving an immediate threat to the health or safety of students and/or staff on any of our campuses.

Individuals can report emergencies occurring at Regis University Northwest Denver Campus, and the Thornton Campus by calling Campus Safety at 303-458-4122.

The Department of Campus Safety confirms the existence an immediate threat to the life or safety of people on one of the Regis campuses with the assistance of information resources such as campus administrators, local first responders or the National Weather Service. The Director or the Assistant Director of Campus Safety, or, as a backup, the Associate Vice President or the Director of Marketing and Communications and will determine the content of the message. The designated personnel will use some or all the systems described below to communicate information about the threat to:

- All Regis campuses.
- One or more affected campuses; or
- To the appropriate segment of the community, if the threat is limited to a particular building or segment of the population.

Students and staff of Regis University may commute to multiple campuses. To best inform the Regis community, Emergency Notifications may be sent to all Regis community members. Each message designates the campus pertinent to the alert, for example:

RU Alert
Lockdown! Thornton Campus Only
Emergency Notification
Thornton Campus is to lockdown due to a shooting near the campus.
Updates will be sent as soon as the information is available.

In the event of an emergency / life threatening situation, that occurs within the Regis University Clery Geography for any of its campuses (On Campus, On Campus Residential Facilities, Public Property and Non-campus). The content of the Emergency Notification is determined by the Campus Safety Director or Assistant Director. The Emergency Notifications are written and distributed by the Campus Safety Director or the Assistant Director.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

For Emergency Notifications, the University utilizes RU Alert email, text messaging, and voice messaging, as its primary notification system. It may also use other modes of communication such as face-to-face communication for emergency notification purposes. The Director or the Assistant Director of the Department of Campus Safety will, without delay and considering the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities and first responders compromise the efforts to assist a victim, contain the emergency, respond to the emergency, or otherwise mitigate the emergency. Emergency notifications and follow-up information pertaining to an immediate threat to the health and safety, or dangerous situation on campus will be sent using some or all of the systems listed below, as deemed appropriate.

The notifications will be completed by the Departments listed below, depending on the system being used to communicate.

MEMBERS OF THE LARGER COMMUNITY

Communication is a critical part of incident management. Regis University is committed to communicating with parents and the community during emergencies on campus. The Public Information Officer (PIO) serves as the central point for dissemination of accurate, coordinated and timely communications to the affected audiences. Information about Regis University emergency response may also be found in the University’s Emergency Operations Plan (EOP).

In the event of an emergency, parents/guardians, media, local government, private sector, local community, and first responders may access pertinent information via communication channels that will have information periodically posted, including regis.edu, and the @RegisUniversity Twitter feed.

If there is an immediate threat to the health or safety of students or employees occurring on campus, Regis University will follow its emergency notification procedures. An institution that follows its emergency notification procedures is not required to issue a timely warning based on the same circumstances; however, the institution must provide adequate follow-up information to the community as needed.

Timely Warning Notification (RU ALERT)

An *RU Alert* (described by the *Clery Act* as “Timely Warning Notification”) will be issued to the community in the event of a reported *Clery Act* crime that occurs within the Regis University Clery Geography (On Campus, On Campus Residential Facility, Public Property and Non-campus locations), that, in the judgment of Campus Safety Administrators, or their designee, constitutes a serious or continuing threat to the University community. As soon as the pertinent information is available a Timely Warning Notification Alert will be issued through the Regroup Mass Notification System as an RU Alert via email. Depending on the circumstances of the *RU Alert*, other platforms of communication may be used such as voice and text. The contents of the Crime Alerts are generally written and distributed by the Campus Safety Administrators, or respective designee.

Students and staff of Regis University may commute to multiple campuses. To best inform the Regis community, Crime Alerts are sent to all Regis community members. Each message designates the campus pertinent to the alert. For example:

RU Alert! Northwest Denver Campus - Burglary

Sunday, January 14, 2018, two reports of burglary were reported to Campus Safety.

RU Alerts are typically issued for the following Uniform Crime Reporting Program (UCR), National Incident Based Reporting System (NIBRS) Violence Against Women Act of 1994 (VAWA), and the Uniform Crime Reporting Hate Crime Data Collection Guidelines and Training Manual for crimes classification for incidents of murder/non-negligent manslaughter, sex offenses, aggravated assault, a string of burglaries or motor vehicle thefts that occur in a reasonably close proximity to one another, major incidents of arson, robbery, burglary, motor vehicle theft, arson, and hate crimes.

Typically, circumstances that warrant a RU Alert (Timely Warning notices) are crimes reported to Campus Safety, other Campus Security Authorities, and/or the local police agency. The University has requested that the local law enforcement agencies where campuses are located inform the University when crimes are committed on or near a campus that might pose a serious or ongoing threat to the community.

RU Alerts are considered on a case-by-case basis, depending on the facts of the case and the information known by the Department of Campus Safety. For example, if an assault occurs between two students who have a disagreement, there may be no on-going threat to other Regis University community members and a Crime Alert would not be distributed. In a case involving a sexual assault which was reported long after the incident occurred, there is no ability to distribute a “timely” RU Alert notice to the community. Sex offenses will be considered on a case-by-case basis depending upon when and where the incident occurred, when it was reported, whether the alleged assailant has been identified, and the amount of information known by the Department of Campus Safety. Cases involving property crimes will be assessed on a case-by-case basis and alerts may be sent if there is a discernible pattern of crime. Campus Safety Administrators, or their respective designee will review all such reports to determine if there is a serious or on-going threat to the community and if the distribution of a Crime Alert is warranted.

RU Alerts will be provided to students and employees in a manner that is timely, that withholds the names of victims as confidential, and that will aid in the prevention of similar occurrences.

Regis University is not required to issue a RU Alert (Timely Warning) with respect to crimes reported to a pastoral or professional counselor.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

Individuals with information they believe warrants a Timely Warning should report it to Campus Safety at (303) 458-4122 (x4122) or in person at the Campus Safety Office located Regis Square (Suite 28) or Campus Officials by phone at (303) 458-4122.

OTHER NOTIFICATIONS

Using the RU Alert system, Campus Safety Administrators or their designee may issue other alerts to the community.

RU Informed alerts:

Are email messages sent to raise awareness of incidents that are important to the Regis community but are not immediate or ongoing threats to life, safety or property. Instances such as a telephone or power outage on campus, University closures, and police activity in the area. In the event of an unscheduled telephone or power outage, these messages may be sent via telephone and text.

CAMPUS SEX CRIMES PREVENTION ACT

The Adam Walsh Child Protection and Safety Act of 21006 (42. U.S.C. 16921) is an Act to protect children from sexual exploitation and violent crime, to prevent child abuse and child pornography, to promote internet safety. The Campus Sex Crimes Prevention Act of 2000 is a federal law that requires institutions of higher education to advise the campus community where information concerning registered sex offenders may be obtained. In Colorado, the Colorado Bureau of Investigation is responsible for maintaining this information as part of its sex offender registry. Additional information regarding convicted offenders in Colorado is available at:

<https://www.colorado.gov/apps/cdps/sor/>

Information regarding the Campus Sex Crimes Prevention Act is available at:

<https://www.higheredcompliance.org/compliance-matrix/>

In Colorado, convicted sex offenders are required to also disclose their association with institutions of higher education when applicable. Specifically affected are those registered sex offenders who attend, are employed by, or volunteer at institutions of post-secondary education. The University is providing a link to the Colorado State Sex Offender Registry for all inquiries regarding registered sex offenders who have disclosed an association with Regis University. All sex offenders are required to register in the state of Colorado and to provide notice of each institution of higher education in Colorado at which the person is employed, carries a vocation or is a student. In Colorado, convicted sex offenders must register with the Colorado Bureau of Investigation (CBI). The Colorado sex offender website is:

HATE CRIMES

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

Regis University strives to foster a safe and healthy learning environment that embodies diversity and inclusion of all members of the Regis University community.

A Hate Crime is a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. Although there are many possible categories of bias, under the *Clery Act*, only the following eight categories are reported: Race, Religion, Sexual Orientation, Gender, Gender Identity, Ethnicity, National Origin and Disability.

Hate Crimes are expressed in the overall statistics of reported *Clery Act* crimes, and are also expressed separately, as required under federal law, in the section of the Annual Security Report designated for Hate Crimes. In addition, there are four categories of crimes that are specific only to Hate Crimes. They are Intimidation, Destruction/Damage/Vandalism of Property, Larceny-Theft, and Simple Assault. These crimes are required to be reported under the Hate Crimes section but are not required to be reported under other sections of the Annual Security Report.

Note: A hate or bias-related crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated as a whole or in part by the offender's bias. For example, a subject of an assault is a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his/her bias against the victim's race, religion, sexual orientation, gender identity, gender, religion, ethnicity or disability, the offense is then also classified as a hate crime.

CAMPUS CRIME STATISTICS

The following statistics are reported in compliance with the *Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act*, which requires all colleges and universities receiving federal funds to publish the occurrence of certain criminal offenses reported to the Department of Campus Safety, to Campus Security Authorities (CSAs), or to local police. Statistics are reported for the three most recent calendar years. Individuals are encouraged to make a report of a criminal incident for the purposes of inclusion in the Annual Security & Fire Safety Report. To provide relevant information, individuals need to contact the Department of Campus Safety located at the Northwest Denver Campus, Regis Square, Suite 28, or call the department's main phone number: (303) 458-4122. Additionally, non-emergency crimes may be reported through the Department's online reporting system at the following link:

<https://regisuniversity.omnigo.one/cesireportexec/OLR/Main.aspx>

CLERY GEOGRAPHY

The location for reporting of crimes is determined through what is referred to as Clery Geography. Regis University reports the crimes required by the *Clery Act* that occurred on or within the institution's Clery Geography that were reported to a Campus Security Authority. Clery Geography defines campus property as *On Campus*, *On Campus Student Housing*, *Non-campus*, and *Public Property*. The maps below show the Clery Geography for each of the Regis University campuses.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

Note: Although some of these private businesses and houses are located on property owned by Regis or included within its Clery Geography they are not affiliated with the University and are not included in the Clery Geography for statistical purposes. These businesses and houses are private concerns and are not intended for the exclusive or predominant use of Regis students that directly support or relate to Regis University's educational purposes.

On Campus Student Housing is a subset of campus property and is defined as any student housing facility that is owned or controlled by the institution or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus. This is an important item concerning crime because if a Clery reportable crime occurs in an on-campus student housing facility the crime will be counted as being on campus and also in an on-campus student housing facility for statistical reporting.

Clery Public Property encompasses all public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus. The first public property within our campus includes the public roads located on the Adams County side of the core campus. The second area is public property that immediately borders and is accessible from the campus. In many cases this property consists of a public sidewalk that borders the campus, the public street, and the public sidewalk on the far side of the public street. Clery crimes that are reported in our public property will be added to the Annual Security and Fire Safety Report for statistical purposes.

The last category of Clery geography, Non-Campus Property, is defined as any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution. For non-campus geography, the statistics are included in the Northwest Denver Crime Statistics. As a note, there is no public property that pertains to non-campus locations.

The statistics referred to in this report related to the Northwest Denver Campus are compiled from incident reports of the Department of Campus Safety, the Office of Student Life, which has responsibility for disciplinary referrals and actions which may not be reported to Campus Safety, the Office of the Title IX Coordinator, and local law enforcement agencies.

The statistics referred to in this report related to Extension campuses and other locations used by the University for classes or programming are compiled from incident reports made to the Department of Campus Safety, personnel at the Extension campuses, reports made to the Title IX Coordinator, and local law enforcement agencies.

As required by the *Clery Act*, crimes that are reported and counted in the University's Clery Geography fall into four categories and are statistically counted for in this report:

1. Criminal Offenses: Murder and Non-Negligent Manslaughter, Manslaughter by Negligence, Sex Offenses (Rape, Fondling, Incest, Statutory Rape), Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, and Arson.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

2. Hate Crimes; any of the above-mentioned offenses, and any incidents of Larceny-Theft, Simple Assault, Intimidation or Destruction/Damage/Vandalism of Property that were motivated in whole or in part by bias on the part of the offender towards the victim's actual or perceived race, religion, sexual orientation, gender, gender identity, ethnicity, national origin, or disability.
3. Violence Against Women Act (VAWA) Offenses: Domestic Violence, Dating Violence, Sexual Assault and Stalking
4. Arrests and Referrals for Disciplinary Action for Weapons Law violations, Drug Law violations, and Liquor Law violations.

This report is also available to the public on the Regis University website.

Each year prior to October 1st an RU Alert is sent via email notification for the publication of the *Annual Security and Fire Safety Report* that contains the direct link to the *Annual Security and Fire Safety Report* for the current reporting period. For prospective students and prospective employees Regis University's Human Resource Department and Admissions Department provides a notice of availability of the *Annual Security and Fire Safety Report* with a direct link to the report on employment application and enrollment webpages.

Beginning with the reports due in 2015, institutions have been required to include in the Web-based survey and the annual security report statistics for the total number of crime reports that were "unfounded" and subsequently withheld from crime statistics during each of the three most recent calendar years. Crimes can be unfounded only after a full investigation by sworn or commissioned law enforcement personnel. A crime is considered unfounded for *Clery Act* purposes only if sworn or commissioned law enforcement personnel make a formal determination that the report is false or baseless. Crime reports can be properly determined to be false only if the evidence from a complete and thorough investigation establishes that the crime reported was not, in fact, completed or attempted in any manner. Regis University Campus Safety is not a sworn or commissioned law enforcement agency and does not have the authority to unfound any reported crime.

The map on the following is a representation of Regis University's Clery Geography for the year 2022 in which crimes were counted.

FIRE SAFETY REPORT

FIRE SAFETY STATEMENT

Regis University publishes this Fire Safety Report as part of its annual Clery Act compliance. This report contains information regarding the fire safety practices and standards for Regis University that includes statistics pertaining to Residential Housing concerning the number of fires, the cause of each fire, the number of injuries, and the value of the property damage caused by a fire. This report is available in the Campus Safety Office and a copy may be obtained by requesting a copy from the Department of Campus Safety (303) 458-4122 or at safety@regis.edu.

A fire is defined as any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner. If a fire occurs in a Regis University building, community members should immediately call 911 (to report the fire. Subsequent calls should be made to the Department of Campus Safety at (303) 458-4122 (4122 on a campus phone) for details of the fire. Community members are encouraged to report fires that have not been reported and have been extinguished for the purposes of evaluating if those fires should be included in the University's fire statistics.

Regis University maintains compliance with the fire and life-safety standards in all buildings in accordance with the National Fire Protection Association (NFPA) 72 regulations. Compliance involves annual inspections of all fire detection (smoke detectors, heat sensors, horn strobe devices, etc.) and suppression (sprinkler systems, fire extinguishers, kitchen hood systems, etc.) systems. In addition to fire inspections, emergency evacuation drills are conducted with sufficient frequency to familiarize occupants with successful fire drill procedures. As of March 2023, the existing "Fire Captain Program" was reformatted and retitled "Emergency Coordinator Program" in accordance with Denver Fire Department recommendation and procedure. This program designates and trains at least one competent person in every Regis department who can take the lead on general safety and during emergencies. This program spans both the Northwest Denver Campus as well as the Thornton campus.

The University completed unannounced fire drill evacuation exercises from October 5th, 2022, to January 26th, 2023 between 8:30 am to 5:00 pm to ensure that each facility located on the Northwest Denver and Thornton campuses conducted a successful evacuation drill in under six minutes. Additional unscheduled evacuations were conducted in each facility throughout the year due to fire alarms in the facilities. The full procedures that students and staff should follow in case of a fire are listed in this report.

Residence Life staff participated with the Assistant Director Environmental Health and Safety Officer (EHSO) in conducting fire drills in the residence halls. The residence hall fire drills evaluate if all students and staff left the building and reported to the designated fire evacuation points. It was identified that some students did not evacuate as planned and they were sent to Residence Life for disciplinary action. The full procedures that students and staff should follow in case of a fire are listed in this report.

Fire Safety Education: Prior to each fall semester, all Residence Life housing managers are provided education and training from our City Fire Tech Services Division on the proper procedure for handling fire drills and use of portable fire extinguishers. In 2015, all fire egress

maps were reassessed to address recent renovations to facilities. These maps were updated, posted and shared with managers in each facility.

Fire Evacuation evaluation:

During annual fire drills the inspection team evaluates how occupants evacuate buildings following the evacuation procedures identified below.

REGIS 2022 FIRE DRILLS OBJECTIVES

Fire drill objectives are determined with the input of Physical Plant and Campus Safety. The objectives in 2022 were to:

1. Evaluate the effectiveness of evacuation procedures and determine necessary changes or adjustments to procedures to improve performance.
2. Determine whether students/faculty/staff understand the proper assembly areas for each designated building.
3. Demonstrate timely evacuation of all buildings. Times equal to or better than six minutes were the goal.
4. Test the fire alarm systems and evaluate audible alarms throughout each facility to ensure that all occupants can hear and/or see the alarm indicators throughout the building.

The objectives were met in 2022.

REGIS FIRE REPORT AND LOG

The University did have 1 reported fire in Residential Buildings in 2022 which was in Boryla apartments in the first level which is the garage.

PLANS FOR FUTURE IMPROVEMENTS TO FIRE SAFETY

The University follows National Fire Protection Association (NFPA) guidelines in its use, maintenance, and inspection of fire systems. There were no updates to the fire systems in 2022. The RATH emergency phone on all 4 floors of the system in David M. Clarke, S.J., Hall was replaced with an updated model.

FIRE DRILLS

To ensure that students living in on-campus housing facilities are properly prepared to evacuate the building in the event of an emergency, Regis University conducts at least one routine fire drill in each building annually, with additional drills taking place during false alarms. Fire drills are conducted without prior notice and building occupants are evaluated on their performance in the course of these drills. Drills are repeated on subsequent days following the initial attempt until complete evacuation is successfully executed in under six minutes without anyone re-entering the building.

FIRE SAFETY EDUCATION

Prior to each Fall semester, all Residence Life housing managers are provided education and training from the EHSO and City Fire Tech Services Division on the proper procedure for handling fire alarms, drills, evacuation assembly and the use of portable fire extinguishers. Physical Plant personnel receive practical fire extinguisher training and practice every other year.

Regis University's policies regarding fire safety education and training programs are provided to students, faculty, and staff. Regis University conducts annual fire safety education training for designated Emergency Coordinators from each department who then disseminate the information covered to their respective departments. Resident Assistants are also given fire safety training, which they disseminate to the residents in their residence halls.

PROCEDURES STUDENTS AND EMPLOYEES SHOULD FOLLOW IN CASE OF FIRE

1. If you discover or suspect a fire immediately evacuate the building using the nearest available exit. Do not attempt to fight a fire unless you have been trained to do so. Sound the building fire alarm by activating the nearest pull station and/or as you evacuate the building by the nearest exit, verbally sounding the alarm and knocking on doors. If the alarm fails to operate, warn other occupants to evacuate the building by shouting the warning.
2. Once outside of the building, report to the designated assembly areas as marked on the building evacuation map near the exits of the buildings.
3. Students with mobility issues are to report to the Designated Area of Rescue in the facility. Students with mobility impairments are requested to stay in these areas until help arrives.
4. If it is safe to do so, on the way out, check on others who might have disabilities or other special needs and help them as much as is reasonable and safe. If you cannot assist those with special needs, advise a staff member, a firefighter, police officer or member of Campus Safety at the assembly area of their presence and location.
5. Call the Campus Safety emergency number (303) 458-4122 from a mobile phone (or x 4122 from on campus phones) and provide as much information as possible about the alarm. Don't assume someone else has called or that the fire signal notified Campus Safety.
6. DO NOT re-enter the building for any reason until given clearance by Campus Safety personnel on the scene.
7. For safety and statistical purposes, all fires, whether active or extinguished, should be reported to Campus Safety.

EVACUATION PROCEDURES

If a fire or smoke detector alarm sounds, immediately vacate the building via the nearest stairwell and proceed to the designated evacuation area point or at least 300 feet outside the

building. Remain outside until Campus Safety personnel or the Fire Department allows you to reenter. All occupants' full cooperation in any evacuation is required. Failure to evacuate the building in the event of an alarm sounding may result in disciplinary action.

PORTABLE ELECTRONIC DEVICES, SMOKING AND OPEN FLAME POLICIES

Due to fire hazards, there are several safety precautions in place for the residence halls and campus buildings.

Possession or use of certain items is prohibited. This list is not all-inclusive and any item that is reasonably deemed hazardous may be added to the list or removed situationally. Prohibited items may be confiscated.

In dorms/bedrooms and offices/cubicles on campus, the following are prohibited with the exception of electric stoves provided by the university:

- Electric stoves
- Grills of any kind
- Air fryers
- Toasters and toaster ovens
- Hot plates
- Other open-coiled appliances
- Fuel (propane, lamp oil, solvents, gasoline, etc.)

Within any space on campus, the following are prohibited with the exception of space heaters provided by Physical Plant:

- Portable air conditioners
- Space heaters/heating lamps
- Humidifiers
- Personal wireless routers
- Multi plugs and extension cords that are not part of a surge protector that is UL listed.
- Adapters
 - Lite candles (decorative candles must not show evidence of burning, the chapel is excluded)
- Bunsen burners (university science labs are excluded)
- Torches or open flames of any kind
- Incense etc.

Propane or charcoal grills are not allowed in the residence halls and may not be used within 25 feet of a building. Propane or other containers of gas may not be stored in any building or within 25 feet of any building. The use of UL rated surge protectors on all electronic equipment is encouraged. Smoking inside campus buildings is prohibited per the smoking policy.

SMOKING

Every employee has a right to work in an environment free of tobacco smoke. Smoking is prohibited in all University offices and buildings, including residence halls and food service areas, or within 25 feet of the buildings. Smoking is also prohibited in all University owned and operated vehicles and in outdoor group seating facilities, such as outdoor classes and

organized events on campus. Individuals who wish to smoke may do so outdoors away from building entrances using receptacles provided for the disposal of cigarette remains. Improper disposal of smoking materials presents a fire hazard and will not be tolerated. Smokers may not subject non-smokers to environmental tobacco smoke. If there is tobacco smoke in a designated smoke-free or employee's work area, the University will take steps to eliminate that smoke. In any dispute concerning the smoking policy, the health of the non-smoker will take precedence.

constitute consent under the provisions of this part 4. Submission under the influence of fear shall not constitute consent. Nothing in this definition shall be construed to affect the admissibility of evidence or the burden of proof in regard to the issue of consent under this part 4.

Colorado law defines Sexual Assault in C.R.S. § 18-3-402 as follows:

For the purposes of this subsection (1.5), the term "child" means any person under the age of eighteen years.

(4) A person who is convicted on or after July 1, 2013, of unlawful sexual contact under this section, upon conviction, shall be advised by the court that the person has no right:

- (a) To notification of the termination of parental rights and no standing to object to the termination of parental rights for a child conceived as a result of the commission of that offense;

- (c) Of inheritance from a child conceived as a result of the commission of that offense; and

Information for the 2023-2024 Academic Year

cause that person, a member of that person's immediate family, or someone with whom that person has or has had a continuing relationship to suffer serious emotional distress. For purposes of this paragraph (c), a victim need not show that he or she received professional treatment or counseling to show that he or she suffered serious emotional distress.

(2) For the purposes of this part 6:

- (a) Conduct "in connection with" a credible threat means acts that further, advance, promote, or have a continuity of purpose, and may occur before, during, or after the credible threat.
- (b) "Credible threat" means a threat, physical action, or repeated conduct that would cause a reasonable person to be in fear for the person's safety or the safety of his or her immediate family or of someone with whom the person has or has had a continuing relationship. The threat need not be directly expressed if the totality of the conduct would cause a reasonable person such fear.
- (c) "Immediate family" includes the person's spouse and the person's parent, grandparent, sibling, or child.
- (d) "Repeated" or "repeatedly" means on more than one occasion....

Regis University's Definition of Consent

1. **Defining Consent.** Sexual violence is a form of prohibited sexual harassment and includes physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent because of his/her/their drug or alcohol use, temporary or permanent mental or physical incapacity, or youth. Consent is informed, freely given, and mutually understood.

Consent requires an affirmative act or statement by each participant. Consent is not passive.

There is no consent if:

- i. Coercion, intimidation, threats, and/or physical force are used.
- ii. A person is mentally or physically incapacitated or impaired by alcohol or drugs such that the person cannot understand the fact, nature, or extent of the sexual situation.
- iii. a person is asleep or unconscious.

Consent to one form of sexual activity does not imply consent to other forms of sexual activity. Consent can be withdrawn. A person who initially consents to sexual activity is deemed not to have consented to any sexual activity that occurs after he/she/they withdraw(s) consent. Finally, consent to previous sexual activity does not imply consent to future sexual activity.

2023 Annual Security and Fire Safety Report

Information for the 2023-2024 Academic Year

Consent. The state of Colorado defines consent as cooperation in act or attitude pursuant to an exercise of free will and with knowledge of the nature of the act. A current or previous relationship shall not be sufficient to constitute consent. Submission under the influence of fear shall not constitute consent. Regis uses an affirmative consent standard when determining if there was consent to engage in sexual activity of any kind. Consent is defined as the affirmative, actively given, unambiguous and voluntary agreement to engage in a specific sexual activity during a sexual encounter. To obtain consent, a clear "yes," verbal or otherwise, is necessary. Consent cannot be inferred from the absence of a "no." A current or previous relationship is not sufficient to constitute consent. A person under the influence of fear cannot give consent. Consent may never be given by a minor under the age of 15, or by a minor under the age of 18 in certain situations depending on the ages of both parties and in instances where the adult is in a position of trust. Consent cannot be given by an individual who is asleep, or by an individual who is mentally or physically incapacitated either through the effect of drugs or alcohol or for any other reason. Consent may also not be given by an individual who was under duress, threat, coercion, or force.

All Policy statements in in this Annual Security and Fire Safety Report apply to the following campuses: Northwest Denver Campus, and the Thornton Campus unless otherwise stated in the report.
