

MASTER OF SCIENCE SOFTWARE ENGINEERING

Design and Implement the Future

Software engineers are in demand as companies race to hire and secure top talent. With high salaries and job growth that shows no signs of slowing, there's never been a better time to be a software engineer. Regis University's M.S. in Software Engineering equips you with foundational skills and specialized knowledge, leading you to rewarding and fulfilling work no matter where your software career takes you.

QUICK FACTS

- Flexible: Program can be completed in 12-36 months
- Convenient: Adult graduate program designed to fit your busy schedule
- Relevant: Gain skills in Java™, C# and Swift, JavaScript, HTML, CSS and more
- Manageable: Dean's Scholarship available for up to \$10,200
- Networking: Get access to exclusive industry connections, partnerships and memberships
- Scholar Practitioner Model: Seasoned faculty with years of professional experience
- Easy to Apply: No application fee or letters of recommendation required

PROGRAM FORMAT

- Online: 8-week terms
Start Dates: January and August
- On Campus: 8-week terms
Start Dates: January and August
- Total Credit Hours: 36

Program Overview

Our software engineering program focuses on nurturing well-rounded graduates equipped with team-building and collaborative skills. Robust lab environments are explored via the Regis Cloud, where an entire networked environment exists for students to experiment and learn. You'll gain an advanced understanding of programming languages such as Java™, C# and Swift, JavaScript, HTML, and CSS, as well as knowledge of the specification, architecture, design, implementation, testing and security of both desktop and mobile applications.

Degree Plan

DEGREE REQUIREMENTS (18 credit hours)

MSSE 601 Software Engineer Fundamentals
MSSE 610 Software Requirements and Processes
MSSE 635 Software Architecture and Design
MSSE 640 Software Quality and Testing
MSSE 642 Software Assurance
MSSE 692 Software Engineering Practicum I

DEGREE ELECTIVES (9 credit hours)

Select one of the following tracks¹:

- I Enterprise Java Software Engineering Track
- I Full Stack Track
- I Mobile Development Track

GENERAL ELECTIVES (6 credit hours)

DEGREE COMPLETION REQUIREMENT (3 credit hours)

¹Elective classes may count toward related graduate certificates. All certificates will include MSSE 635 Software Architecture and Design.

TOTAL: 36 CREDIT HOURS

Students with no prior programming experience must complete this prerequisite:

MSC 501 Object-Oriented Programming in Java

Ready to Apply?

GAIN IN-DEMAND SKILLS

- I Software design and architecture
- I Database design and management
- I Software testing and quality assurance
- I User Interface (UI) and User Experience (UX) Design
- I DevOps practices

REQUIREMENTS AND DEADLINES:

- I Online application
- I Official degree-bearing transcripts
- I Resume
- I Essay
- I Relevant bachelor's degree or equivalent work experience

TUITION AND FINANCIAL AID

- I For cost of attendance, please visit regis.edu/cost. For questions, please contact our financial aid office at 800.568.8932 and rufinancialaid@regis.edu
- I Dean's Scholarship up to \$10,200 available to eligible students. To learn more, visit regis.edu/gradscholarships
- I See our educational benefits and funding options for active duty military members or veterans at regis.edu/preferred-military

RELATED CERTIFICATES

Not ready for a full master's degree? We offer a number of related graduate certificates to help you gain new skills and relevant experience.

- I DevOps
- I Full Stack+
- I Java Software Development
- I Software Engineering
