GRANT-SUPPORTED RESEARCH AND TEACHING

2023 -	(Submitted, Under Review) Evaluator Project Title: <i>Regis University Summer Program Advancing Research Knowledge (SPARK)</i> Source: NSF 22-611 HSI Program (Improving Undergraduate STEM Education: Hispanic-Serving Institutions) Amount requested: \$199,994 Description: Development of a paid summer research program for second-year Latine students in STEM majors.
2022 – 2024	Principle Investigator, Virtual Scholar Project Title: <i>Academic Motherhood: A Mixed-Method Review of the 'Child Penalty' for Women of Color in STEM</i> Description: A systematic quantitative and qualitative literature review of the impact of motherhood on the professional success of scientists, with a particular focus on historically-excluded academics.

2022 – 2023: ARC Virtual Visiting Scholar Program (National Science Foundation and Women in Engineering Proactive Network)
Award amount: \$20,000

2023 – 2024: Regis University Research and Scholarship Council Grant
Award amount: \$5,000

Summer 2022 *Disaster Mental Health Training*
Source: Regis University Small Grants for Professional Development
Award amount: \$300

Summer 2021 **Course Instructor**
Regis College Distributive Core Innovation Grant
Source: Regis University Dean's Excellence Fund, Provost's Office, Regis College Dean
Award amount: \$1,000
Description: Supports course development or revision for high-impact practices.

2011 – 2017 **Internal Evaluator, Senior Personnel**
Project Title: *Advancing Women in Science & Engineering in the UW System*
Source: NSF 10-593 ADVANCE-PAID
Award amount: \$171,011 (over 5 years; 1 year no-cost extension)
Principle Investigator: Jennifer Mihalick, Ph.D.
Description: Development and implementation of professional development opportunities for women in science, technology, engineering, and math (STEM) fields including (1) a seminar program for female post-doctoral fellows in STEM fields and (2) horizontal mentoring groups for senior women faculty in STEM departments

2011 – 2016 **Faculty Researcher, Senior Personnel**
Project Title: *Impact of Counseling Center Services in the University of Wisconsin-System*
Principle Investigator: John Achter, Ph.D.
Description: Study of the utilization and effectiveness of mental health services delivered by Counseling Centers in the University of Wisconsin System (16 campuses)

(Submitted, Not Funded) 2014 – 2017: Growth Agenda for Wisconsin Grants Program
Amount Requested: \$336,000 (over 3 years)

2015 – 2016: Wisconsin Hope Lab
Award amount: \$23,000

2011 – 2015: University of Wisconsin System Board of Regents and Counseling Centers
Award amount: \$15,000 (per year)

2011 – 2014 (Submitted, Not Funded) **Educational Researcher**
Project Title: *Fostering Our Communities Understanding of STEM (FOCUS)*
Source: NSF 11-525 ITEST (Innovative Technology Experiences for Students and Teachers)
Amount Requested: \$1,200,000 (over 3 years)
Principle Investigators: Cheryl Welch & Mike Seidl
Description: Development and implementation of a collaborative mentoring program for children in grades 4-9 designed to increase interest in and preparation for STEM fields and careers. Includes hands-on curriculum in math, science, and communication skills.

2007 – 2008 **Principle Investigator**
Title: *Friendships and Suicidality among Mexican-American Adolescent Girls and Boys*
Source: Student Fellowship in Injury Prevention, Society of Public Health Education and Centers for Disease Control and Prevention
Award amount: \$1500

EXTERNAL CONSULTANT

2021 – Present **External Advisory Board Member**

Project Title: *ADVANCE UWU: Three Campuses, One University.*

Source: NSF 10-593 ADVANCE IT

Award amount: \$1,000,000

Principle Investigators: Jennifer Christus, Ph.D. & Samantha Larson, Ph.D.

Description: As part of a larger 2018 restructuring effort, UW-Oshkosh (UWO) was combined with two 2-year campuses, becoming “One University, Three Campuses.” This NSF project involves an equity review of tenure, renewal, and promotion policies within the new combined university; data collection to determine root causes of systemic gender inequity experienced by STEM faculty and instructors across all three campuses; and creation of equitable policies/procedures and equity trainings to improve STEM department climates.

2021 – Present **External Workshop Consultant and Leader**

Project Title: *Climate Grant for Diversity, Equity, and Inclusion (DEI).*

Source: Colorado State University College of Natural Sciences

2021 Award amount: \$7,300

2023 Award amount: \$7,968

Principle Investigator: Silvia Sara Canetto, Ph.D.

Description: Design and facilitation of DEI workshop for STEM faculty using national best practices and local data on women graduate students’ experiences, challenges, and needs.
