Academic Nursing Education Experience

Regis University; Denver, CO

August 2022 to present

Instructor, Nursing Department

- Teaching upper level medical/surgical classes, pharmacology, clinical reasoning, emergency nursing, and first year writing experience
- Plan, organize, and teach Health Professions Summer Experience for high school students
- Active member of the Nursing Faculty Organization, The Quality Assessment and Education Committee, the Diversity Equity and Inclusion Taskforce, Competency Based Education Taskforce and the Next Generation NCLEX Taskforce. Also serving on university wide technology committee.

Front Range Community College; Westminster, CO

Full Time Faculty, Nursing Department

August 2018 to May 2022

Clinical Instructor, Nursing Department

January 2014 to July 2018

- Lead faculty for third and fourth semester Advanced Med/Surg Nursing and Advanced Pharmacology courses
- Reduced failure rates in all classes from an average of 2-3 per semester to 0-1 while maintaining very high (90% or greater) NCLEX pass rates
- Mentored new faculty and guided them into the roles of leading courses and classroom teaching
- Enhanced course delivery with active learning tools to include interactive formative assessments, progressive case studies, and escape room activities
- Greatly improved psychometric reliability on exams in all courses
- Chair of curriculum committee
- Coordinated clinical placements and managed a staff of clinical instructors as well as teaching clinicals

Other Education Experience

All Clear Emergency Management Group

November 2021 to November 2023

Consultant; Nurse Educator

- Developed educational materials for the Vermont Department of Health as part of the CDC's Project Firstline
- Toured Vermont and Maine providing live trainings and demonstrations on appropriate PPE use for a wide variety of healthcare workers in diverse settings throughout those states
- Successfully navigated the process of having all educational materials approved by the CDC
- Created virtual simulations, webinars and live case studies on topics such as infection prevention and environmental controls for providers, nurses, EMS workers, EVS personnel, and homeless shelter staff

Insight Global; Various sites in Colorado

June 2020 to September 2020

Consultant; Master Trainer

- Consulted with Colorado Department of Public Health and Environment to help open Alternate Care Sites for COVID-19 patients across the state of Colorado
- Helped to develop a curriculum to train clinical and non-clinical staff.
- Taught topics as varied as radio communication, medication administration, patient de-escalation, and COVID-19 pathophysiology

Summary of other educational experience

- I have taught in settings as diverse as high school classrooms and corporate training centers and taught subjects as varied as high school chemistry, javascript, and rock climbing

T. Keith Roussil, MSN, RN CNE
